## SIGHTLINES GEL EAR PAD ADAPTER PLATES W/ADHESIVE BACKING

Noisefighters® Sightlines Gel Ear Pads – with patented relief cut for glasses arms to slide through to prevent headaches and reduce noise Upgrade your headset experience with Noisefighters Sightlines gel ear pads. Made in the USA, these innovative replacement pads feature a patented relief cut feature that allows your glasses to pass through comfortably, eliminating the frustration of headset pressure on your frames. Crafted from premium silicone gel and polyurethane materials, they provide superior noise isolation and long-lasting cushioning for extended wear. Compatible with most popular headsets, these versatile ear pads offer a customized fit and enhanced comfort. Whether you are sport shooting, operating machinery, or enjoying your favorite tunes, Noisefighters Sightlines ensure an immersive audio experience without compromising your hearing or comfort. Upgrade your hearing protection today and experience the difference. Their design features a rim to slide under the clips on headsets like Howard Leight® Impact Sport plus a non-permanent, pressure-sensitive adhesive for a much more secure fit and peel + stick compatibility with their optional snap-in plastic adapter plates to fit headsets from dozens of manufacturers. This model is also compatible with any headset that utilizes oval pads that are 4" tall x 3" wide and allow users to peel off / remove their original pads and apply new adhesive-backed pads. Their gel ear pads are 0.625" thick. HERE ARE THE COMPATIBLE HEADSETS USING EITHER THE ADHESIVE BACKING OR THE INCLUDED ADAPTER PLATES: 3M™

WorkTunes™ Wireless / Bluetooth model (please additionally purchase their Peltor™ ComTac™ style cloned adapter plates if you own the old-style WorkTunes™ headset that only has an AM/FM radio) - 3M™ Peltor™ RangeGuard™ - 3M™ Peltor™ Sport Tactical 100 / 300 / 500 - Awesafe® GF01 - Axil® / Sportear® Trackr™ (Including BLU) - Caldwell® E-Max (standard and low-profile) - GLORYFIRE™ M8056T - Howard Leight® Impact® Sport (including Bolt® version) - Howard Leight® Impact® Pro - Howard Leight® Lightning® - Howard Leight® Sync® - Howard Leight® Verishield - Howard Leight® Viking® - ISOTunes LINK 1.0, LINK 2.0, LINK Aware, DEFY - Kask® SC1 / SC2 / SC3 - Mpow® Noise Reduction Safety Ear Muffs - NoiseBuster® PA4000, PA4100, and PA4200 - Ops-Core® AMP® (note: outer lip may overlap and can be removed with knife / scissors, but this is only an aesthetic issue) - Otto® NoizeBarrier® Range SA and TAC - Peltor™ RangeGuard™ and Peltor™ Sport Tactical™ 100 / 300 / 500 - Pro Ears® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Radians® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Savior Equipment® Apollo - (existing pads can be peeled off the existing plastic plate and residue cleaned up, and new pads can be applied, but we instead recommend additionally purchasing their AD108 Sightlines with Adapter Plates for Savior® Apollo and similar headsets due to the improvement in secure mounting) - TR Industrial® Forestry Safety Helmet and Hearing Protection System - Walker's Game Ear® FireMax® (requires cutting off original pads and reusing the factory-installed plastic plates) - Walker's Game Ear® Recon® (requires cutting off original pads and reusing the factory-installed plastic plates) - Winchester® Passive Folding Earmuffs / Low Pro Passive Folding Earmuffs Noisefighters is in no way affiliated with 3M Peltor® (or any other headset manufacturer) and they have not been involved in the development, manufacturing, labeling, testing, or

certification of any Noisefighters products. 3M Peltor has stated that modifying their headsets may negatively impact sound attenuation and it makes the 40 CF 211 Subpart B noise reduction rating inapplicable. FEATURES: Comfort for Glasses Wearers: A patented relief cut, these pads allow glasses to pass through comfortably Fully compatible with headsets from Howard Leight®, 3M Peltor®, Ops-Core®, Sordin®, Walker's Game Ear®, and other headsets by installing optional adapter plates; please see attached images for compatibility information The adhesive is non-permanent, and pads can be removed dozens of times, or even swapped between headsets, without degrading the bonding strength Designed, manufactured, and assembled in the USA and covered by a one-year unconditional warranty Noisefighters® is a combat veteran owned company

# Safety Instruction Guide for SIGHTLINES Gel Ear Pad Adapter Plates

## Introduction

Thank you for choosing the SIGHTLINES Gel Ear Pad Adapter Plates. This product is designed to enhance your headset experience by providing superior comfort and noise isolation. This safety instruction guide is intended to ensure the safe use of the product and to inform you of the necessary precautions and procedures.

## General Safety Guidelines

- Always inspect the product for any damage before use. Do not use if damaged.
- Ensure that the ear pads are properly installed to avoid any discomfort or potential injury.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental use.
- Do not modify the product in any way, as this may compromise its safety and effectiveness.
- If you experience any discomfort or allergic reactions while using the product, discontinue use immediately and consult a medical professional.

## Specific Safety Precautions for Use

- Use the ear pad adapter plates only with compatible headsets as listed in the product description.
- Ensure that the adhesive backing is intact and clean before applying the ear pads to your headset.
- Avoid using the product in environments where it may be exposed to extreme temperatures or moisture.
- Do not use the ear pads if you are experiencing ear infections or other earrelated medical conditions.
- If using the product during activities that require constant awareness of your surroundings (e.g., shooting, operating machinery), be mindful of your hearing protection and surroundings.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your headset is clean and free from any debris.
- Remove any existing ear pads from the headset if applicable.

### 2. Applying the Ear Pad Adapter Plates:

- Carefully peel off the adhesive backing from the gel ear pads.
- Align the pads with the headset, ensuring they fit securely under the clips.
- Press firmly to ensure a strong bond with the headset.

### 3. Using the Headset:

- Once the ear pads are securely attached, wear the headset as usual.
- Adjust the fit for comfort, ensuring that the pads create a proper seal around your ears to maximize noise isolation.

### 4. Removing the Ear Pads:

- To remove the ear pads, gently peel them away from the headset.
- If residue remains, clean it off with a mild adhesive remover or alcohol wipe.

### 5. Swapping Pads (if applicable):

- If you wish to swap the ear pads between different headsets, ensure that both headsets are

compatible and follow the same application process.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, ensure it is disposed of responsibly to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding the SIGHTLINES Gel Ear Pad Adapter Plates, please refer to the manufacturer's contact information provided with the product packaging or visit the official website.

Thank you for your attention to these safety guidelines. Enjoy your enhanced headset experience with SIGHTLINES Gel Ear Pad Adapter Plates.
