

SIGHTLINES GEL EAR PAD ADAPTER PLATES - SIGHTLINES ADAPTER PLATES FOR MOST WALKER HEADSETS

SIGHTLINES GEL EAR PAD ADAPTER PLATES W/ADHESIVE BACKING

Noisefighters® Sightlines Gel Ear Pads - with patented relief cut for glasses arms to slide through to prevent headaches and reduce noise Upgrade your headset experience with Noisefighters Sightlines gel ear pads. Made in the USA, these innovative replacement pads feature a patented relief cut feature that allows your glasses to pass through comfortably, eliminating the frustration of headset pressure on your frames. Crafted from premium silicone gel and polyurethane materials, they provide superior noise isolation and long-lasting cushioning for extended wear. Compatible with most popular headsets, these versatile ear pads offer a customized fit and enhanced comfort. Whether you are sport shooting, operating machinery, or enjoying your favorite tunes, Noisefighters Sightlines ensure an immersive audio experience without compromising your hearing or comfort. Upgrade your hearing protection today and experience the difference. Their design features a rim to slide under the clips on headsets like Howard Leight® Impact Sport plus a non-permanent, pressure-sensitive adhesive for a much more secure fit and peel + stick compatibility with their optional snap-in plastic adapter plates to fit headsets from dozens of manufacturers. This model is also compatible with any headset that utilizes oval pads that are 4" tall x 3" wide and allow users to peel off / remove their original pads and apply new adhesive-backed pads. Their gel ear pads are 0.625" thick. HERE ARE THE COMPATIBLE HEADSETS USING EITHER THE ADHESIVE BACKING OR THE INCLUDED ADAPTER PLATES: 3M™

WorkTunes™ Wireless / Bluetooth model (please additionally purchase their Peltor™ ComTac™ style cloned adapter plates if you own the old-style WorkTunes™ headset that only has an AM/FM radio) - 3M™ Peltor™ RangeGuard™ - 3M™ Peltor™ Sport Tactical 100 / 300 / 500 - Awesafe® GF01 - Axil® / Sportear® Trackr™ (Including BLU) - Caldwell® E-Max (standard and low-profile) - GLORYFIRE™ M8056T - Howard Leight® Impact® Sport (including Bolt® version) - Howard Leight® Impact® Pro - Howard Leight® Lightning® - Howard Leight® Sync® - Howard Leight® Verishield - Howard Leight® Viking® - ISOTunes LINK 1.0, LINK 2.0, LINK Aware, DEFY - Kask® SC1 / SC2 / SC3 - Mpow® Noise Reduction Safety Ear Muffs - NoiseBuster® PA4000, PA4100, and PA4200 - Ops-Core® AMP® (note: outer lip may overlap and can be removed with knife / scissors, but this is only an aesthetic issue) - Otto® NoizeBarrier® Range SA and TAC - Peltor™ RangeGuard™ and Peltor™ Sport Tactical™ 100 / 300 / 500 - Pro Ears® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Radians® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Savior Equipment® Apollo - (existing pads can be peeled off the existing plastic plate and residue cleaned up, and new pads can be applied, but we instead recommend additionally purchasing their AD108 Sightlines with Adapter Plates for Savior® Apollo and similar headsets due to the improvement in secure mounting) - TR Industrial® Forestry Safety Helmet and Hearing Protection System - Walker's Game Ear® FireMax® (requires cutting off original pads and reusing the factory-installed plastic plates) - Walker's Game Ear® Recon® (requires cutting off original pads and reusing the factory-installed plastic plates) - Winchester® Passive Folding Earmuffs / Low Pro Passive Folding Earmuffs Noisefighters is in no way affiliated with 3M Peltor® (or any other headset manufacturer) and they have not been involved in the development, manufacturing, labeling, testing, or

certification of any Noisefighters products. 3M Peltor has stated that modifying their headsets may negatively impact sound attenuation and it makes the 40 CF 211 Subpart B noise reduction rating inapplicable. FEATURES: Comfort for Glasses Wearers: A patented relief cut, these pads allow glasses to pass through comfortably Fully compatible with headsets from Howard Leight®, 3M Peltor®, Ops-Core®, Sordin®, Walker's Game Ear®, and other headsets by installing optional adapter plates; please see attached images for compatibility information The adhesive is non-permanent, and pads can be removed dozens of times, or even swapped between headsets, without degrading the bonding strength Designed, manufactured, and assembled in the USA and covered by a one-year unconditional warranty Noisefighters® is a combat veteran owned company

Safety Instruction Guide for SIGHTLINES Gel Ear Pad Adapter Plates

Introduction

Thank you for choosing the SIGHTLINES Gel Ear Pad Adapter Plates by Noisefighters. This product is designed to enhance your headset experience by providing comfort and noise isolation. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is compatible with your headset model before installation.
- Inspect the product for any visible damage before use. Do not use if damaged.
- Keep the product out of reach of children to prevent accidental swallowing or injury.
- Follow the installation instructions carefully to avoid improper use.
- If you experience any discomfort or allergic reactions while using the product, discontinue use immediately and consult a medical professional.

Specific Safety Precautions for Use

- **Comfort for Glasses Wearers:** The patented relief cut allows glasses to pass through comfortably. Ensure that your glasses fit properly with the ear pads to avoid pressure points.
- **Adhesive Backing:** The adhesive is nonpermanent and allows for multiple applications. Ensure that the surface of the headset is clean and dry before applying the pads.
- **Compatibility:** Verify that your headset is compatible with the SIGHTLINES Gel Ear Pad Adapter Plates. Refer to the compatibility list provided in the product description.
- **Modification Warning:** Modifying your headset may negatively impact sound attenuation and safety. Follow the manufacturer's instructions for any modifications.

Instructions for Installation and Usage

1. Preparation:

- Clean the surface of your headset where the ear pads will be applied. Use a mild detergent and allow it to dry completely.

2. Installation:

- Remove the original ear pads from your headset if applicable.
- Peel off the backing from the adhesive on the SIGHTLINES Gel Ear Pad.
- Align the ear pad with the headset and press firmly to adhere.
- If using adapter plates, ensure they are securely fastened according to the included instructions.

3. Usage:

- Wear the headset as usual, ensuring that the ear pads fit snugly against your ears.
- If you need to remove the ear pads, gently peel them off the headset. They can be reapplied as needed.

4. Maintenance:

- Regularly check the adhesive for wear and replace the ear pads if they become loose or damaged.
- Clean the ear pads with a damp cloth as needed, avoiding harsh chemicals.

Disposal Instructions

- Dispose of the product responsibly. Follow local regulations for the disposal of nonfood products.
- Do not dispose of the product in fire, as it may release harmful substances.

Contact Information for Further Support

For any inquiries or concerns regarding the SIGHTLINES Gel Ear Pad Adapter Plates, please refer to the manufacturer's website or contact their customer service for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your SIGHTLINES Gel Ear Pad Adapter Plates. Thank you for your attention to these guidelines.
