SIGHTLINES GEL EAR PAD ADAPTER PLATES W/ADHESIVE BACKING

Noisefighters® Sightlines Gel Ear Pads – with patented relief cut for glasses arms to slide through to prevent headaches and reduce noise Upgrade your headset experience with Noisefighters Sightlines gel ear pads. Made in the USA, these innovative replacement pads feature a patented relief cut feature that allows your glasses to pass through comfortably, eliminating the frustration of headset pressure on your frames. Crafted from premium silicone gel and polyurethane materials, they provide superior noise isolation and long-lasting cushioning for extended wear. Compatible with most popular headsets, these versatile ear pads offer a customized fit and enhanced comfort. Whether you are sport shooting, operating machinery, or enjoying your favorite tunes, Noisefighters Sightlines ensure an immersive audio experience without compromising your hearing or comfort. Upgrade your hearing protection today and experience the difference. Their design features a rim to slide under the clips on headsets like Howard Leight® Impact Sport plus a non-permanent, pressure-sensitive adhesive for a much more secure fit and peel + stick compatibility with their optional snap-in plastic adapter plates to fit headsets from dozens of manufacturers. This model is also compatible with any headset that utilizes oval pads that are 4" tall x 3" wide and allow users to peel off / remove their original pads and apply new adhesive-backed pads. Their gel ear pads are 0.625" thick.

HERE ARE THE COMPATIBLE HEADSETS USING EITHER THE ADHESIVE BACKING OR THE INCLUDED ADAPTER PLATES: 3M™

WorkTunes™ Wireless / Bluetooth model (please additionally purchase their Peltor™ ComTac™ style cloned adapter plates if you own the old-style WorkTunes™ headset that only has an AM/FM radio) - 3M™ Peltor™ RangeGuard™ - 3M™ Peltor™ Sport Tactical 100 / 300 / 500 - Awesafe® GF01 - Axil® / Sportear® Trackr™ (Including BLU) - Caldwell® E-Max (standard and low-profile) - GLORYFIRE™ M8056T - Howard Leight® Impact® Sport (including Bolt® version) - Howard Leight® Impact® Pro - Howard Leight® Lightning® - Howard Leight® Sync® - Howard Leight® Verishield - Howard Leight® Viking® - ISOtunes LINK 1.0, LINK 2.0, LINK Aware, DEFY - Kask® SC1 / SC2 / SC3 - Mpow® Noise Reduction Safety Ear Muffs - NoiseBuster® PA4000, PA4100, and PA4200 - Ops-Core® AMP® (note: outer lip may overlap and can be removed with knife / scissors, but this is only an aesthetic issue) - Otto® NoizeBarrier® Range SA and TAC - Peltor™ RangeGuard™ and Peltor™ Sport Tactical™ 100 / 300 / 500 - Pro Ears® - multiple models compatible; customer must verify that their original pads can be peeled off and thier oval 3 x 4" pads can be glued on - Radians® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Savior Equipment® Apollo - (existing pads can be peeled off the existing plastic plate and residue cleaned up, and new pads can be applied, but we instead recommend additionally purchasing their AD108 Sightlines with Adapter Plates for Savior® Apollo and similar headsets due to the improvement in secure mounting) - TR Industrial® Forestry Safety Helmet and Hearing Protection System - Walker's Game Ear® FireMax® (requires cutting off original pads and reusing the factory-installed plastic plates) - Walker's Game Ear® Recon® (requires cutting off original pads and reusing the factory-installed plastic plates) - Winchester® Passive Folding Earmuffs / Low Pro Passive Folding Earmuffs Noisefighters is in no way

affiliated with 3M Peltor® (or any other headset manufacturer) and they have not been involved in the development, manufacturing, labeling, testing, or certification of any Noisefighters products. 3M Peltor has stated that modifying their headsets may negatively impact sound attenuation and it makes the 40 CF 211 Subpart B noise reduction rating inapplicable. FEATURES: Comfort for Glasses Wearers: A patented relief cut, these pads allow glasses to pass through comfortably Fully compatible with headsets from Howard Leight®, 3M Peltor®, Ops-Core®, Sordin®, Walker's Game Ear®, and other headsets by installing optional adapter plates; please see attached images for compatibility information The adhesive is non-permanent, and pads can be removed dozens of times, or even swapped between headsets, without degrading the bonding strength Designed, manufactured, and assembled in the USA and covered by a one-year unconditional warranty Noisefighters® is a combat veteran owned company

Safety Instruction Guide for Noisefighters Sightlines Gel Ear Pad Adapter Plates

Introduction

Thank you for choosing the Noisefighters Sightlines Gel Ear Pad Adapter Plates. This product is designed to enhance your headset experience by providing superior comfort and noise isolation. Please read this safety instruction guide carefully to ensure safe usage and proper installation.

General Safety Guidelines

- Ensure the product is suitable for your specific headset model.
- Always follow the installation instructions to avoid improper use.
- Regularly check the condition of the ear pads and replace them if worn or damaged.
- Keep the product out of reach of children to avoid choking hazards.
- If you experience any discomfort or adverse reactions while using the ear pads, discontinue use immediately and consult a healthcare professional.

Specific Safety Precautions for Use

- **Comfort for Glasses Wearers:** The patented relief cut allows glasses to pass through comfortably, reducing pressure on your frames.
- **Compatibility Checks:** Verify that your headset is compatible with the Noisefighters Sightlines Gel Ear Pad Adapter Plates before installation.
- **Adhesive Caution:** The adhesive is nonpermanent. While it allows for easy removal and reapplication, excessive force may damage the headset or ear pads.
- **Noise Attenuation:** Modifying headsets may impact sound attenuation. Ensure you understand the implications before using modified headsets.
- **Age Restrictions:** This product is not intended for use by children without adult supervision.

Instructions for Installation and Usage

1. Preparation:

- Ensure your headset is clean and free from dust or debris.
- If applicable, remove the original ear pads carefully to avoid damaging the headset.

2. Applying the Ear Pads:

- Peel off the backing from the adhesive on the Noisefighters ear pads.
- Align the ear pads with the designated areas on your headset.
- Press firmly to secure the pads in place.

3. Using the Headset:

- Adjust the headset for a comfortable fit, ensuring the ear pads sit snugly against your ears.
- If using glasses, ensure they fit comfortably with the ear pads in place.

4. Maintenance:

- Regularly inspect the ear pads for wear and tear.
- Clean the ear pads with a damp cloth to maintain hygiene.

5. Removal:

- To remove the ear pads, gently peel them away from the headset to avoid damage.
- Clean any adhesive residue with a suitable cleaner if necessary.

Disposal Instructions

- Dispose of the ear pads in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste. Check for recycling options for silicone and polyurethane materials.

Contact Information for Further Support

For any questions or concerns regarding the Noisefighters Sightlines Gel Ear Pad Adapter Plates, please refer to the manufacturer's website or customer service resources.

By following these safety guidelines, you can ensure a safe and enjoyable experience with your Noisefighters Sightlines Gel Ear Pad Adapter Plates. Thank you for your attention to safety and proper usage.
