

SWITCHBACK 2.0 LARGE FLASHLIGHT RING WITH POCKET CLIP - SWITCHBACK2.0 LARGE FLASHLIGHT RING W/POCKET CLIP URBAN GRAY

SWITCHBACK 2.0 LARGE FLASHLIGHT RING WITH POCKET CLIP The SwitchBack® 2.0 adds a multi-function finger ring and robust pocket clip to your tactical flashlight. It mounts securely between the light's tailcap and body, providing a repeatable grip index during deployment from pocket or pouch, and enhances ergonomics while shooting or searching. The SwitchBack® 2.0 is the next evolution in the innovative SwitchBack Flashlight Ring product line. It incorporates new features and refinements based on thousands of hours of use by our subject matter experts and customers. The SwitchBack mounts between the tailcap and body of your flashlight, making it secure regardless of impact, moisture, and heat/cold changes. **FEATURES:** SwitchBacks can be used with handguns or long guns. It allows the user to: Reliably deploy and index a flashlight from both pockets and pouches, using the SwitchBack's rigid, but releasable, retention ring. Shoot using a natural two-handed grip (the SwitchBack Technique). Employ all traditional low-light techniques such as Neck Index, Modified FBI, and Harries. Positively retain the light when drawing a firearm, reloading, and addressing a malfunction. The SwitchBack provides fast deployment and enhanced retention during many activities such as climbing, backpacking, car and home maintenance, and self-defense. New for SwitchBack 2.0: A finger ring that releases under heavy force/torque but can be reset. A stronger pocket clip that also works with MOLLE/PALS webbing. A pocket clip position that allows for slightly deeper carry than the SwitchBack® Large (original). A tubular portion that is cut lower to allow grip on both sides of the tail-cap during installation. A wider thumb rest with traction features. Small crush ribs on the SwitchBack 2.0's lip that create a custom fit across a broader range of lights. An aluminum spacer that expands compatibility to Streamlight HL and HL-X flashlights and other manufacturers with similar designs. **Installation** For installation, first try installing the SwitchBack on your light without use of the O-ring or aluminum washer. Simply unscrew the tailcap, add the SwitchBack, and rescrew the tailcap back on. If the light does not activate upon use of the tailcap switch with the SwitchBack installed, try installing the aluminum washer as shown in the diagram below. Streamlight models tend to require the aluminum washer, but may not, depending on the tailcap features of the light. Elzetta and Surefire models do not usually require the aluminum washer, but users may find that addition of the rubber O-ring will help to stabilize the position of the SwitchBack

Attributes

- Name: SWITCHBACK2.0 LARGE FLASHLIGHT RING W/POCKET CLIP URBAN GRAY
- Manufacturer: THYRM LLC
- Product no.: 430113932
- Mfr. No.: SB008

SWITCHBACK 2.0 LARGE FLASHLIGHT RING WITH POCKET CLIP Safety Instruction Guide

Introduction

Thank you for choosing the SwitchBack® 2.0 Large Flashlight Ring with Pocket Clip. This product is designed to enhance the functionality and ergonomics of your tactical flashlight. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- **Product Safety:** This product is designed to meet safety standards for nonfood items, ensuring safe use during various activities.
- **Enhanced Recalls:** In the event of a safety issue, recall notices will be provided, and remedies will be available at no cost.
- **Online Shopping:** When purchasing online, you are entitled to the same safety protections as when buying in physical stores.
- **Special Consumer Focus:** Extra precautions are in place for vulnerable groups, including children.
- **EU Contact Point:** For any safety inquiries, an EU-based contact is available.
- **Rapid Alerts:** Stay informed about unsafe products through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Ensure that the flashlight and the SwitchBack® 2.0 are compatible before installation.
 - Be cautious of sharp edges during installation.
 - Avoid using the SwitchBack® 2.0 in extreme temperatures or wet conditions unless specified.
- **Avoiding Hazards:**
 - Do not attempt to modify or disassemble the SwitchBack® 2.0.
 - Always ensure the flashlight is turned off when installing or removing the SwitchBack® 2.0.
 - When using the flashlight, do not point it at anyone's eyes to prevent temporary blindness.
- **Age-Specific Warnings:**
 - This product is intended for use by adults. Keep out of reach of children to prevent accidents.

Instructions for Installation and Usage

1. Installation Steps:

- Start by unscrewing the tailcap of your flashlight.
- Place the SwitchBack® 2.0 between the tailcap and the body of the flashlight.
- Rescrew the tailcap back onto the flashlight.
- If the flashlight does not activate, try adding the aluminum washer as shown in the provided diagram.

2. Usage Instructions:

- Use the finger ring to reliably deploy the flashlight from pockets or pouches.
- Utilize the SwitchBack Technique for a natural two-handed grip while shooting.

- Employ lowlight techniques such as Neck Index, Modified FBI, and Harries to enhance your shooting accuracy.
- Ensure a positive retention of the flashlight when drawing a firearm or addressing a malfunction.

3. Maintenance:

- Regularly check the installation of the SwitchBack® 2.0 to ensure it remains secure.
- Clean the flashlight and the SwitchBack® 2.0 with a damp cloth to remove dirt or debris.

Disposal Instructions

- Dispose of the SwitchBack® 2.0 and any packaging materials in accordance with local regulations.
- Do not dispose of in regular household waste. Check for recycling options for plastic and metal components.
