

SWITCHBACK 2.0 LARGE FLASHLIGHT RING WITH POCKET CLIP - SWITCHBACK 2.0 LARGE FLASHLIGHT RING W/POCKET CLIP TAN

SWITCHBACK 2.0 LARGE FLASHLIGHT RING WITH POCKET CLIP The SwitchBack® 2.0 adds a multi-function finger ring and robust pocket clip to your tactical flashlight. It mounts securely between the light's tailcap and body, providing a repeatable grip index during deployment from pocket or pouch, and enhances ergonomics while shooting or searching. The SwitchBack® 2.0 is the next evolution in the innovative SwitchBack Flashlight Ring product line. It incorporates new features and refinements based on thousands of hours of use by our subject matter experts and customers. The SwitchBack mounts between the tailcap and body of your flashlight, making it secure regardless of impact, moisture, and heat/cold changes. **FEATURES:** SwitchBacks can be used with handguns or long guns. It allows the user to: Reliably deploy and index a flashlight from both pockets and pouches, using the SwitchBack's rigid, but releasable, retention ring. Shoot using a natural two-handed grip (the SwitchBack Technique). Employ all traditional low-light techniques such as Neck Index, Modified FBI, and Harries. Positively retain the light when drawing a firearm, reloading, and addressing a malfunction. The SwitchBack provides fast deployment and enhanced retention during many activities such as climbing, backpacking, car and home maintenance, and self-defense. New for SwitchBack 2.0: A finger ring that releases under heavy force/torque but can be reset. A stronger pocket clip that also works with MOLLE/PALS webbing. A pocket clip position that allows for slightly deeper carry than the SwitchBack® Large (original). A tubular portion that is cut lower to allow grip on both sides of the tail-cap during installation. A wider thumb rest with traction features. Small crush ribs on the SwitchBack 2.0's lip that create a custom fit across a broader range of lights. An aluminum spacer that expands compatibility to Streamlight HL and HL-X flashlights and other manufacturers with similar designs. **Installation** For installation, first try installing the SwitchBack on your light without use of the O-ring or aluminum washer. Simply unscrew the tailcap, add the SwitchBack, and rescrew the tailcap back on. If the light does not activate upon use of the tailcap switch with the SwitchBack installed, try installing the aluminum washer as shown in the diagram below. Streamlight models tend to require the aluminum washer, but may not, depending on the tailcap features of the light. Elzetta and Surefire models do not usually require the aluminum washer, but users may find that addition of the rubber O-ring will help to stabilize the position of the SwitchBack

Attributes

- Name: SWITCHBACK 2.0 LARGE FLASHLIGHT RING W/POCKET CLIP TAN
- Manufacturer: THYRM LLC
- Product no.: 430113933
- Mfr. No.: SB009

Safety Instruction Guide for SWITCHBACK 2.0 LARGE FLASHLIGHT RING WITH POCKET CLIP

Introduction

Thank you for choosing the SWITCHBACK 2.0 LARGE FLASHLIGHT RING WITH POCKET CLIP. This product is designed to enhance your tactical flashlight's usability while ensuring safety during its operation. Please read this safety instruction guide carefully to understand how to use the device safely and effectively.

General Safety Guidelines

- Always ensure that your flashlight is turned off when not in use to prevent accidental activation.
- Regularly inspect the SWITCHBACK 2.0 and your flashlight for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse or accidents.
- Use the SWITCHBACK 2.0 only as intended, following all instructions provided in this guide.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the flashlight is securely mounted with the SWITCHBACK 2.0 before use.
- Avoid using the SWITCHBACK 2.0 in extreme conditions where moisture, heat, or cold could affect its performance.
- Do not attempt to modify or disassemble the SWITCHBACK 2.0, as this may compromise its safety features.
- When using the flashlight, maintain a firm grip to prevent it from slipping or falling.
- When employing the SwitchBack Technique, ensure your hands are dry and free of any substances that may cause slippage.

Instructions for Installation and Usage

1. Installation:

- Unscrew the tailcap of your flashlight.
- Position the SWITCHBACK 2.0 between the tailcap and the body of the flashlight.
- Reattach the tailcap securely.
- If the flashlight does not activate with the SwitchBack installed, check if the aluminum washer is needed for your model.
- For Streamlight models, the aluminum washer may be necessary; for Elzetta and Surefire models, it typically is not.

2. Usage:

- To deploy the flashlight, use the retention ring of the SWITCHBACK 2.0 for a reliable grip.
- Practice using the flashlight with both hands to ensure comfort and control.
- Familiarize yourself with the various lowlight techniques such as Neck Index, Modified FBI, and Harries.
- Ensure that the flashlight is retained securely during firearm handling, reloading, and addressing malfunctions.

Disposal Instructions

- Dispose of the SWITCHBACK 2.0 in accordance with local regulations for electronic waste.
- Do not dispose of the product in household waste. Check for designated recycling points for electronic accessories and batteries.
- Remove any batteries from the flashlight before disposal.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the contact information provided by the manufacturer or retailer where you purchased the SWITCHBACK 2.0. It is important to have access to support for any questions or concerns regarding the use of this product.

By following these guidelines, you can ensure safe and effective use of the SWITCHBACK 2.0 LARGE FLASHLIGHT RING WITH POCKET CLIP. Thank you for prioritizing safety while using our product.
