

SWITCHBACK HOG FLASHLIGHT RING - THYRM LLC SWITCHBACK HOG FLASHLIGHT RING FOR MODLITE HOG FLASHLIGHT BK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Accessories](#)

SWITCHBACK HOG FLASHLIGHT RING FOR MODLITE HOG FLASHLIGHTS The SwitchBack® HOG adds a multi-function finger ring and robust pocket clip to Modlite's HOG Flashlight. It mounts securely on the light's tailcap, providing a repeatable grip index during deployment from pocket or pouch, and enhances ergonomics while shooting or searching. Featuring the same enhanced features as the SwitchBack® 2.0, the SwitchBack HOG Flashlight Ring is the ergonomic upgrade your Modlite HOG tactical flashlight deserves! FEATURES: Like all our SwitchBacks, it can be used with handguns or long guns, allowing the user to: Reliably deploy and index a flashlight from both pockets and pouches, using the SwitchBack's rigid, but releasable, retention ring. Employ all traditional low-light techniques such as Neck Index, Modified FBI, and Harries. Positively retain the light when drawing a firearm, reloading, and addressing a malfunction. The SwitchBack HOG Flashlight Ring also provides fast deployment and enhanced retention during many activities such as climbing, backpacking, car and home maintenance, and self-defense. If you're using the Modlite HOG as a patrol light, improve your access and mounting ability with a SwitchBack HOG! A finger ring that releases under heavy force/torque but can be reset. A strong pocket clip that also works with MOLLE/PALS webbing. A wide thumb rest with traction features. Small crush ribs on the SwitchBack HOG's lip create a custom fit. Designed and manufactured in the USA. INSTALLATION Installation is simple: Remove the tailcap of the Modlite HOG, place the SwitchBack HOG, then re-screw on the tailcap. If you would like a tighter fit, an O-ring comes with the SwitchBack HOG and can be placed on the last step past the threads, as shown to the right; it is a #018 Buna-N O-ring (1/16" thick, 7/8" OD, 3/4" ID).

Safety Instruction Guide for SwitchBack HOG Flashlight Ring

Introduction

Thank you for choosing the SwitchBack HOG Flashlight Ring for Modlite HOG Flashlights. This product is designed to enhance the usability and ergonomics of your flashlight during tactical and everyday activities. To ensure your safety and the proper functioning of the product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the SwitchBack HOG Flashlight Ring is compatible with your Modlite HOG Flashlight before installation.
- Always inspect the flashlight and the SwitchBack HOG for any damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Follow all local laws and regulations regarding the use of flashlights and tactical accessories.
- Use the flashlight and its accessories only for their intended purpose.

Specific Safety Precautions for Use

- When using the flashlight, ensure that the retention ring is properly secured to avoid accidental release.
- Be cautious when deploying the flashlight from pockets or pouches to prevent dropping or losing control of the light.
- Avoid using excessive force when installing or removing the flashlight ring; this can cause damage.
- The finger ring is designed to release under heavy force or torque. Be aware of this feature to prevent unexpected release during use.
- Always ensure that the flashlight is turned off when not in use to prevent overheating or battery drainage.

Instructions for Installation and Usage

Installation

1. Remove the tailcap of the Modlite HOG Flashlight.
2. Place the SwitchBack HOG Flashlight Ring onto the tailcap.
3. Rescrew the tailcap back onto the flashlight securely.
4. For a tighter fit, use the included #018 BunaN Oring. Place it on the last step past the threads before rescrewing the tailcap.

Usage

- To deploy the flashlight, grip the SwitchBack HOG Flashlight Ring firmly.
- Utilize traditional lowlight techniques such as Neck Index, Modified FBI, and Harries for optimal performance.
- Ensure a positive grip when drawing a firearm, reloading, or addressing a malfunction.
- The SwitchBack HOG Flashlight Ring is suitable for various activities, including climbing, backpacking, and selfdefense.

Disposal Instructions

- Dispose of the SwitchBack HOG Flashlight Ring and any associated packaging materials according to local

regulations.

- Do not dispose of the product in household waste. Check for local recycling programs or hazardous waste disposal guidelines.

Contact Information for Further Support

For any inquiries or assistance regarding safety concerns, product information, or warranty services, please contact the manufacturer directly through the provided customer support channels. Always refer to the official website for the most accurate and updated information.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities. Enjoy your experience with the SwitchBack HOG Flashlight Ring!
