

CELLVAULT 21 BATTERY STORAGE FOR 21700 & SL B50 BLACK

CELLVAULT-21 BATTERY STORAGE FOR 21700 AND STREAMLIGHT SL-B50

Protect your spare 21700 battery while keeping it immediately accessible with the CellVault-21 Rechargeable Battery Storage. Premium batteries require protection from physical and environmental damage but need to remain accessible to keep advanced tactical lights running at full power. The CellVault-21 Rechargeable Battery Storage provides the same feature set as our popular CellVault-18 including dual-wall construction & side viewing windows but adds a larger capacity and an upgraded latch that allows for easy installation, especially on tight MOLLE/PALS webbing. **FEATURES:** Holds one 21700 Rechargeable Battery Holds one Streamlight SL-B50 Battery (with foam removed) Waterproof O-ring seal rated to IPX7 at 2 meters for 30+ minutes Secure metal latch seals and attaches the CellVault-21 to gear Silicone foam shock absorber/noise silencer Clear side windows allow for gear status checks Slim profile: less than 1 MOLLE/PALS column wide for easy integration into existing gear configurations Detachable latch installs easily on all MOLLE and can be backed up with the included security pin Designed and manufactured in the USA **INSTALLATION:** Unlock the bottom latch and open the CellVault-21. Press the release tab with a screwdriver or similar tool to release the latch from the back strap. Insert the back strap through the MOLLE/PALS webbing. Align the side tabs and snap the latch back into the back strap. Install additional security pin through both the latch and back strap if necessary. Verify foam shock absorber is at the bottom of the CellVault-21 tube. Insert battery with the positive (+) terminal towards the foam at the bottom. Close the latch, making sure no material is caught in the tube/cap interface.

CELLVAULT21 Battery Storage Safety Instructions

Introduction

Thank you for choosing the CELLVAULT21 Battery Storage. This product is designed to protect and store your 21700 rechargeable batteries and Streamlight SLB50 batteries safely and conveniently. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the CELLVAULT21 by following all instructions provided in this guide.
- The product is designed for the storage of specific battery types only. Do not use it for any other purpose.
- Always check for visible damage before use. Do not use if damaged.
- Keep out of reach of children to prevent accidental use or ingestion.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Battery Compatibility:** Only store one 21700 rechargeable battery or one Streamlight SLB50 battery (with foam removed) in the CellVault21.
- **Water Resistance:** The CellVault21 has a waterproof O-ring seal rated to IPX7. Ensure the seal is intact before exposing it to water.
- **Secure Closure:** Always ensure the latch is securely closed to prevent accidental opening during transport.
- **Avoid Extreme Conditions:** Do not expose the CellVault21 to extreme temperatures or environments that may compromise its integrity.
- **Inspection:** Regularly inspect the latch and seals for wear or damage. Replace if necessary.

Instructions for Installation and Usage

1. Unlocking the CellVault21:

- Unlock the bottom latch and open the CellVault21.

2. Attaching to MOLLE/PALS Webbing:

- Press the release tab with a screwdriver or similar tool to release the latch from the back strap.
- Insert the back strap through the MOLLE/PALS webbing.
- Align the side tabs and snap the latch back into the back strap.
- If necessary, install the additional security pin through both the latch and back strap.

3. Inserting the Battery:

- Verify that the foam shock absorber is at the bottom of the CellVault21 tube.
- Insert the battery with the positive (+) terminal facing the foam at the bottom.

4. Closing the CellVault21:

- Close the latch, ensuring no material is caught in the tube/cap interface.

Disposal Instructions

- Dispose of the CellVault21 and any batteries in accordance with local regulations.
- Do not dispose of batteries in regular household waste. Follow local guidelines for battery recycling or disposal.
- Ensure the product is completely empty and clean before disposal.

Contact Information for Further Support

For any inquiries regarding the safety or functionality of the CELLVAULT21, please contact the manufacturer or your local retailer for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our priorities.
