CELLVAULT-21 BATTERY STORAGE FOR 21700 AND STREAMLIGHT SL-B50

Protect your spare 21700 battery while keeping it immediately accessible with the CellVault-21 Rechargeable Battery Storage. Premium batteries require protection from physical and environmental damage but need to remain accessible to keep advanced tactical lights running at full power. The CellVault-21 Rechargeable Battery Storage provides the same feature set as our popular CellVault-18 including dual-wall construction & side viewing windows but adds a larger capacity and an upgraded latch that allows for easy installation, especially on tight MOLLE/PALS webbing. **FEATURES:** Holds one 21700 Rechargeable Battery Holds one Streamlight SL-B50 Battery (with foam removed) Waterproof O-ring seal rated to IPX7 at 2 meters for 30+ minutes Secure metal latch seals and attaches the CellVault-21 to gear Silicone foam shock absorber/noise silencer Clear side windows allow for gear status checks Slim profile: less than 1 MOLLE/PALS column wide for easy integration into existing gear configurations Detachable latch installs easily on all MOLLE and can be backed up with the included security pin Designed and manufactured in the USA **INSTALLATION:** Unlock the bottom latch and open the CellVault-21. Press the release tab with a screwdriver or similar tool to release the latch from the back strap. Insert the back strap through the MOLLE/PALS webbing. Align the side tabs and snap the latch back into the back strap. Install additional security pin through both the latch and back strap if necessary. Verify foam shock absorber is at the bottom of the CellVault-21 tube. Insert battery with the positive (+) terminal towards the foam at the bottom. Close the latch, making sure no material is caught in the tube/cap interface.

CELLVAULT 21 BATTERY STORAGE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the CELLVAULT 21 Battery Storage by THYRM LLC. This product is designed to securely store and protect your 21700 rechargeable batteries and Streamlight SLB50 batteries. Please follow these safety instructions carefully to ensure safe usage and to maximize the lifespan of your product.

General Safety Guidelines

- Ensure the product is used according to the instructions provided.
- Regularly check the product for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about any product recalls or safety notices via the EU's Safety Gate platform.
- Always use the product in accordance with its intended purpose.

Specific Safety Precautions for Use

- **Battery Compatibility:** Only use the CellVault21 for 21700 rechargeable batteries and Streamlight SLB50 batteries. Using incompatible batteries may pose safety risks.
- **Environmental Conditions:** Avoid exposing the product to extreme temperatures, moisture, or direct sunlight for extended periods.
- **Physical Damage:** Inspect the product regularly for cracks or damage that may compromise its integrity. Do not use if damaged.
- **Water Resistance:** While the CellVault21 features a waterproof Oring seal rated to IPX7, do not submerge the product in water for prolonged periods.
- **Shock Absorption:** Ensure the silicone foam shock absorber is properly installed to minimize noise and protect the battery from impacts.

Instructions for Installation and Usage

1. Unlocking the CellVault21:

- Unlock the bottom latch to open the CellVault21.

2. Preparing for Installation:

- Press the release tab with a screwdriver or similar tool to detach the latch from the back strap.

3. Attaching to MOLLE/PALS Webbing:

- Insert the back strap through the MOLLE/PALS webbing.
- Align the side tabs and snap the latch back into the back strap.
- If necessary, install the additional security pin through both the latch and back strap for added security.

4. Inserting the Battery:

- Verify that the silicone foam shock absorber is at the bottom of the CellVault21 tube.
- Insert the battery with the positive (+) terminal facing the foam at the bottom.

5. Closing the CellVault21:

- Close the latch, ensuring that no material is caught in the tube/cap interface.

Disposal Instructions

- Dispose of the CellVault21 in accordance with local regulations regarding electronic waste.
- Ensure that batteries are disposed of properly at designated recycling or disposal facilities.
- Do not dispose of batteries in regular household waste.

Contact Information for Further Support

For any inquiries regarding the safety or usage of the CELLVAULT 21 Battery Storage, please consult the product packaging or visit the manufacturer's website for more information.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priority. Enjoy using your CELLVAULT 21 Battery Storage!
