CELLVAULT-21 BATTERY STORAGE FOR 21700 AND STREAMLIGHT SL-B50

Protect your spare 21700 battery while keeping it immediately accessible with the CellVault-21 Rechargeable Battery Storage. Premium batteries require protection from physical and environmental damage but need to remain accessible to keep advanced tactical lights running at full power. The CellVault-21 Rechargeable Battery Storage provides the same feature set as our popular CellVault-18 including dual-wall construction & side viewing windows but adds a larger capacity and an upgraded latch that allows for easy installation, especially on tight MOLLE/PALS webbing. **FEATURES:** Holds one 21700 Rechargeable Battery Holds one Streamlight SL-B50 Battery (with foam removed) Waterproof O-ring seal rated to IPX7 at 2 meters for 30+ minutes Secure metal latch seals and attaches the CellVault-21 to gear Silicone foam shock absorber/noise silencer Clear side windows allow for gear status checks Slim profile: less than 1 MOLLE/PALS column wide for easy integration into existing gear configurations Detachable latch installs easily on all MOLLE and can be backed up with the included security pin Designed and manufactured in the USA **INSTALLATION:** Unlock the bottom latch and open the CellVault-21. Press the release tab with a screwdriver or similar tool to release the latch from the back strap. Insert the back strap through the MOLLE/PALS webbing. Align the side tabs and snap the latch back into the back strap. Install additional security pin through both the latch and back strap if necessary. Verify foam shock absorber is at the bottom of the CellVault-21 tube. Insert battery with the positive (+) terminal towards the foam at the bottom. Close the latch, making sure no material is caught in the tube/cap interface.

CELLVAULT 21 BATTERY STORAGE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the CELLVAULT 21 Battery Storage by THYRM LLC. This guide provides important safety instructions to ensure the safe use, installation, and disposal of your battery storage unit. Please read this guide carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the CELLVAULT 21 Battery Storage by adhering to these guidelines.
- **Enhanced Recalls:** Be aware of standardized recall notices. In the event of a product recall, follow instructions provided for safe return or disposal.
- **Online Shopping:** If purchased online, ensure that the seller meets all safety requirements as mandated by EU regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the manufacturer or retailer.
- **Rapid Alerts:** Stay informed about any safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Battery Safety:**
 - Only use 21700 rechargeable batteries and Streamlight SLB50 batteries as specified.
 - Ensure batteries are in good condition and free from damage before use.
- **Environmental Protection:**
 - Protect the CellVault21 from extreme temperatures, moisture, and direct sunlight.
- **Physical Damage:**
 - Avoid dropping or striking the CellVault21 to prevent damage to the battery storage unit.
- **Waterproofing:**
 - Ensure the O-ring seal is intact for waterproof protection rated to IPX7.
- **Latch Security:**
 - Always ensure the latch is securely closed during use to prevent accidental opening.

Instructions for Installation and Usage

1. Unlocking and Opening:

- Unlock the bottom latch to open the CellVault21.

2. Preparing for Installation:

- Press the release tab with a screwdriver or similar tool to detach the latch from the back strap.
- Insert the back strap through the MOLLE/PALS webbing.

3. Reattaching the Latch:

- Align the side tabs and snap the latch back into the back strap.
- If necessary, install an additional security pin through both the latch and back strap.

4. Inserting the Battery:

- Verify that the foam shock absorber is positioned at the bottom of the CellVault21 tube.
- Insert the battery with the positive (+) terminal facing the foam at the bottom.

5. **Closing the Latch:**

- Close the latch carefully, ensuring that no material is caught in the tube/cap interface.

Disposal Instructions

- **Battery Disposal:**
 - Dispose of used batteries according to local regulations. Do not dispose of batteries in regular household waste.
- **Product Disposal:**
 - When the CellVault21 is no longer usable, dispose of it in accordance with local electronic waste regulations.

Contact Information for Further Support

For any questions or concerns regarding the CELLVAULT 21 Battery Storage, please refer to the manufacturer's contact information or your retailer.

By following these safety instructions, you can ensure the safe and effective use of your CELLVAULT 21 Battery Storage. Thank you for your attention to these important guidelines.
