

CELLVAULT 21 BATTERY STORAGE FOR 21700 & SL B50 R. ORANGE

CELLVAULT-21 BATTERY STORAGE FOR 21700 AND STREAMLIGHT SL-B50

Protect your spare 21700 battery while keeping it immediately accessible with the CellVault-21 Rechargeable Battery Storage. Premium batteries require protection from physical and environmental damage but need to remain accessible to keep advanced tactical lights running at full power. The CellVault-21 Rechargeable Battery Storage provides the same feature set as our popular CellVault-18 including dual-wall construction & side viewing windows but adds a larger capacity and an upgraded latch that allows for easy installation, especially on tight MOLLE/PALS webbing. **FEATURES:** Holds one 21700 Rechargeable Battery Holds one Streamlight SL-B50 Battery (with foam removed) Waterproof O-ring seal rated to IPX7 at 2 meters for 30+ minutes Secure metal latch seals and attaches the CellVault-21 to gear Silicone foam shock absorber/noise silencer Clear side windows allow for gear status checks Slim profile: less than 1 MOLLE/PALS column wide for easy integration into existing gear configurations Detachable latch installs easily on all MOLLE and can be backed up with the included security pin Designed and manufactured in the USA **INSTALLATION:** Unlock the bottom latch and open the CellVault-21. Press the release tab with a screwdriver or similar tool to release the latch from the back strap. Insert the back strap through the MOLLE/PALS webbing. Align the side tabs and snap the latch back into the back strap. Install additional security pin through both the latch and back strap if necessary. Verify foam shock absorber is at the bottom of the CellVault-21 tube. Insert battery with the positive (+) terminal towards the foam at the bottom. Close the latch, making sure no material is caught in the tube/cap interface.

CELLVAULT 21 Battery Storage Safety Instructions

Introduction

Thank you for choosing the CELLVAULT 21 Battery Storage. This product is designed to protect and store your 21700 rechargeable batteries and Streamlight SLB50 batteries. Please read this safety instruction guide carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure safe use of the CELLVAULT 21 by following all instructions provided.
- The product is designed for nonfood use and should not be modified or used for any purpose other than intended.
- Be aware of risks associated with battery storage, including potential leaks or damage from environmental factors.
- If you notice any damage to the product, discontinue use immediately and report it to the appropriate authorities.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental use or injury.

Specific Safety Precautions for Use

- Always check the condition of your batteries before inserting them into the CELLVAULT 21. Do not use damaged or leaking batteries.
- Ensure that the positive (+) terminal of the battery is facing the foam at the bottom of the CellVault21 tube during installation.
- Do not expose the CELLVAULT 21 to extreme temperatures, moisture, or direct sunlight for extended periods.
- Regularly inspect the O-ring seal and latch mechanism to ensure they are functioning properly.
- If the CELLVAULT 21 becomes damaged or compromised, do not attempt to repair it. Dispose of it properly and replace it with a new unit.

Instructions for Installation and Usage

1. **Unlock the bottom latch** and open the CELLVAULT 21.
2. **Press the release tab** with a screwdriver or similar tool to release the latch from the back strap.
3. **Insert the back strap** through the MOLLE/PALS webbing.
4. **Align the side tabs** and snap the latch back into the back strap.
5. **Install additional security pin** through both the latch and back strap if necessary.
6. **Verify foam shock absorber** is at the bottom of the CELLVAULT 21 tube.
7. **Insert the battery** with the positive (+) terminal towards the foam at the bottom.
8. **Close the latch**, ensuring no material is caught in the tube/cap interface.

Disposal Instructions

- Dispose of the CELLVAULT 21 and any batteries according to local regulations.
- Do not dispose of batteries in household waste. Follow local guidelines for battery recycling and disposal.
- Ensure that the product is completely emptied of batteries before disposal.

Contact Information for Further Support

For any safety inquiries or concerns, please refer to the appropriate local authorities or consumer safety organizations. You can also check for recall updates on the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your safety is our priority, and we appreciate your commitment to responsible battery storage and handling.
