

CELLVAULT 21 BATTERY STORAGE FOR 21700 & SL B50 FDE

CELLVAULT-21 BATTERY STORAGE FOR 21700 AND STREAMLIGHT SL-B50

Protect your spare 21700 battery while keeping it immediately accessible with the CellVault-21 Rechargeable Battery Storage. Premium batteries require protection from physical and environmental damage but need to remain accessible to keep advanced tactical lights running at full power. The CellVault-21 Rechargeable Battery Storage provides the same feature set as our popular CellVault-18 including dual-wall construction & side viewing windows but adds a larger capacity and an upgraded latch that allows for easy installation, especially on tight MOLLE/PALS webbing. **FEATURES:** Holds one 21700 Rechargeable Battery Holds one Streamlight SL-B50 Battery (with foam removed) Waterproof O-ring seal rated to IPX7 at 2 meters for 30+ minutes Secure metal latch seals and attaches the CellVault-21 to gear Silicone foam shock absorber/noise silencer Clear side windows allow for gear status checks Slim profile: less than 1 MOLLE/PALS column wide for easy integration into existing gear configurations Detachable latch installs easily on all MOLLE and can be backed up with the included security pin Designed and manufactured in the USA **INSTALLATION:** Unlock the bottom latch and open the CellVault-21. Press the release tab with a screwdriver or similar tool to release the latch from the back strap. Insert the back strap through the MOLLE/PALS webbing. Align the side tabs and snap the latch back into the back strap. Install additional security pin through both the latch and back strap if necessary. Verify foam shock absorber is at the bottom of the CellVault-21 tube. Insert battery with the positive (+) terminal towards the foam at the bottom. Close the latch, making sure no material is caught in the tube/cap interface.

CELLVAULT 21 Battery Storage Safety Instructions

Introduction

Thank you for choosing the CELLVAULT 21 Battery Storage. This product is designed to safely store and protect your 21700 rechargeable batteries and Streamlight SLB50 batteries. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to store 21700 rechargeable batteries and Streamlight SLB50 batteries.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental use or injury.
- Regularly inspect the CELLVAULT 21 for any signs of damage or wear. Do not use if damaged.
- Follow all local regulations regarding battery storage and disposal.
- Report any incidents or unsafe conditions to the appropriate authorities.

Specific Safety Precautions for Use

- Always store batteries in a cool, dry place to prevent overheating and leakage.
- Do not expose the CELLVAULT 21 to extreme temperatures, humidity, or direct sunlight for extended periods.
- Ensure that the batteries are inserted correctly, with the positive (+) terminal facing the foam at the bottom of the CELLVAULT 21.
- Do not attempt to modify or alter the CELLVAULT 21 in any way.
- Verify that the waterproof O-ring seal is intact before using the product in wet conditions.
- Avoid dropping or subjecting the CELLVAULT 21 to strong impacts, as this may compromise its integrity and performance.

Instructions for Installation and Usage

1. Unlocking and Opening the Product

- Unlock the bottom latch and open the CELLVAULT 21.

2. Installing the Back Strap

- Press the release tab with a screwdriver or similar tool to release the latch from the back strap.
- Insert the back strap through the MOLLE/PALS webbing.
- Align the side tabs and snap the latch back into the back strap.

3. Securing the Latch

- Install the additional security pin through both the latch and back strap if necessary.

4. Inserting the Battery

- Verify that the foam shock absorber is at the bottom of the CELLVAULT 21 tube.
- Insert the battery with the positive (+) terminal towards the foam at the bottom.

5. Closing the Product

- Close the latch, ensuring that no material is caught in the tube/cap interface.

Disposal Instructions

- Dispose of the CELLVAULT 21 and any batteries in accordance with local regulations.
- Do not dispose of batteries in regular household waste.
- Check local recycling programs for proper battery disposal options.

Contact Information for Further Support

For any safety inquiries or support regarding the CELLVAULT 21 Battery Storage, please refer to the manufacturer's contact details provided with the product packaging.

By following these guidelines and instructions, you will ensure the safe and effective use of the CELLVAULT 21 Battery Storage. Thank you for prioritizing safety!
