

MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M THREE AAA/1632

MODULAR BATTERY INSERT PAK FOR CELLVAULT-5M Additional modular inserts to run almost any combination of batteries in the CellVault-5M Modular Battery Storage Case. Thyrm makes inserts for AA, AAA, CR123/16650, 18350, 18650, and 1632 batteries. When you combine extra Modular Insert Pak inserts with those that come with the CellVault-5M Modular Battery Storage Case, the possibilities are almost endless. Need to run ten CR123s? You can do that. How about four 18650s and two CR123s? Yup. You can also keep batteries staged outside the CellVault-5M and quickly swap them into the case to match your mission. The CellVault-5M Modular Battery Storage Case is not included when you buy any Insert Pak. Thyrm does not include batteries in any purchased products.

MODULAR BATTERY INSERT PAK FOR CELLVAULT5M Safety Instructions

Introduction

Thank you for choosing the MODULAR BATTERY INSERT PAK FOR CELLVAULT5M. This product is designed to provide flexible battery storage solutions for your CellVault5M Modular Battery Storage Case. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the modular inserts as intended with the CellVault5M.
- Keep the product out of reach of children to prevent accidental ingestion or misuse.
- Do not expose the inserts to extreme temperatures, moisture, or direct sunlight.
- Regularly inspect the inserts for any signs of damage or wear before use.
- Dispose of batteries and inserts according to local regulations to prevent environmental harm.

Specific Safety Precautions for Use

- **Battery Compatibility:** Ensure that you are using the correct type of batteries (AA, AAA, CR123/16650, 18350, 18650, 1632) with the corresponding modular inserts.
- **Avoid Mixing Battery Types:** Do not mix different battery types or brands within the same insert to prevent leakage or damage.
- **Check Battery Condition:** Use only batteries that are in good condition. Discard any batteries that are leaking, corroded, or damaged.
- **Do Not Overload:** Do not exceed the recommended number of batteries for each insert to avoid overheating or potential failure.
- **Proper Handling:** Always handle batteries with care, avoiding shortcircuiting the terminals.

Instructions for Installation and Usage

1. Inserting Batteries:

- Open the CellVault5M Modular Battery Storage Case.
- Select the appropriate modular insert for your battery type.
- Insert the batteries into the modular insert, ensuring correct polarity (+/-) as indicated.
- Secure the insert back into the CellVault5M.

2. Swapping Batteries:

- If you need to replace batteries, ensure the CellVault5M is closed and not in use.
- Remove the modular insert containing the used batteries.
- Insert new batteries as described above.

3. Staging Batteries:

- You can keep additional batteries staged outside the CellVault5M for quick access.
- Ensure that staged batteries are stored in a cool, dry place and away from direct sunlight.

Disposal Instructions

- Dispose of used batteries and modular inserts in accordance with local waste disposal regulations.
- Do not throw batteries in regular household waste.

- Check with local authorities for designated recycling or disposal sites for batteries.

Contact Information for Further Support

For any safety inquiries or support related to the MODULAR BATTERY INSERT PAK FOR CELLVAULT5M, please refer to the contact details provided by the retailer or manufacturer. Always ensure you have the product details ready for a more efficient response.

By following these safety instructions, you can ensure a safe and effective experience with your MODULAR BATTERY INSERT PAK FOR CELLVAULT5M. Thank you for prioritizing safety and compliance.
