

MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M - THYRM LLC

MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M THREE AAA/1632

[Emergency & Survival Gear](#) > [Emergency Electronics](#) > [Batteries](#)

MODULAR BATTERY INSERT PAK FOR CELLVAULT-5M Additional modular inserts to run almost any combination of batteries in the CellVault-5M Modular Battery Storage Case. Thyrm makes inserts for AA, AAA, CR123/16650, 18350, 18650, and 1632 batteries. When you combine extra Modular Insert Pak inserts with those that come with the CellVault-5M Modular Battery Storage Case, the possibilities are almost endless. Need to run ten CR123s? You can do that. How about four 18650s and two CR123s? Yup. You can also keep batteries staged outside the CellVault-5M and quickly swap them into the case to match your mission. The CellVault-5M Modular Battery Storage Case is not included when you buy any Insert Pak. Thyrm does not include batteries in any purchased products.

MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M Safety Instruction Guide

Introduction

Thank you for purchasing the MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M by Thyrm LLC. This product is designed to enhance the functionality of your CellVault5M Modular Battery Storage Case by allowing you to use a variety of battery types. To ensure safe and effective use of this product, please read and adhere to the following safety instructions.

General Safety Guidelines

- Always handle batteries with care to prevent leakage, overheating, or explosion.
- Ensure that the batteries you use are compatible with the Modular Battery Insert Pak.
- Do not mix different types of batteries (e.g., alkaline, lithium) in the same compartment.
- Keep batteries out of reach of children and pets.
- Store batteries in a cool, dry place away from direct sunlight and heat sources.
- Regularly check batteries for signs of damage, leakage, or corrosion.
- Dispose of used batteries according to local regulations.

Specific Safety Precautions for Use

- Always ensure the Modular Battery Insert Pak is securely closed before use.
- Do not attempt to modify or alter the Modular Battery Insert Pak.
- Avoid exposing the product to water or moisture to prevent electrical hazards.
- If a battery leaks, remove it immediately using protective gloves and dispose of it properly.
- In case of any unusual smell, heat, or swelling from the batteries, discontinue use and seek assistance.
- Do not use damaged or defective batteries or inserts.

Instructions for Installation and Usage

1. Installing the Modular Battery Insert Pak:

- Open the CellVault5M Modular Battery Storage Case.
- Select the appropriate Modular Insert Pak for the type of batteries you plan to use.
- Align the insert with the designated compartment and gently push it into place until it clicks securely.

2. Loading Batteries:

- Insert batteries into the Modular Insert Pak according to the polarity markings (+ and -).
- Ensure that batteries are seated properly and do not protrude from the insert.

3. Using the CellVault5M:

- Close the CellVault5M securely after loading the batteries.
- To access batteries, open the case and swap out inserts as needed for your mission.
- Monitor battery levels regularly and replace them as necessary.

4. Storing Batteries:

- If storing batteries outside the CellVault5M, ensure they are kept in a dry, cool place.
- Use labeled containers to prevent confusion and ensure safety.

Disposal Instructions

- Dispose of batteries in accordance with local regulations. Many areas have designated dropoff locations for battery recycling.
- Do not throw batteries in household trash or incinerate them, as this can lead to environmental hazards.
- Follow local guidelines for the disposal of electronic and battery products.

Contact Information for Further Support

For any questions or concerns regarding the MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M, please refer to the manufacturer's contact details provided with your product.

Conclusion

By following these safety instructions, you can ensure the safe use of the MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M. Always prioritize safety when handling batteries and using electronic devices. Thank you for choosing Thyrm LLC.
