Safety Instruction Guide for BABY & KID'S FOLDING MUFFS

Introduction

Thank you for choosing the BABY & KID'S FOLDING MUFFS by WALKERS GAME EAR. These folding muffs are designed to provide comfortable and effective hearing protection for children's sensitive hearing. This guide outlines important safety instructions and guidelines to ensure safe use of the product.

General Safety Guidelines

- Ensure that the product is used by children aged 6 months to 8 years.
- Always supervise children while they are using the ear muffs.
- Regularly inspect the muffs for any signs of wear or damage before each use.
- Keep the muffs away from extreme temperatures and moisture to maintain their integrity.
- If the product is damaged, discontinue use immediately and dispose of it properly.

Specific Safety Precautions for Use

- The muffs are designed with soft foam ear pads for comfort. Ensure that they fit snugly on the child's ears.
- Do not use the muffs in situations where hearing is critical, such as near traffic or other loud environments where awareness is necessary.
- Avoid using the muffs for extended periods to prevent discomfort.
- Ensure that the padded and adjustable headband is properly adjusted for a secure fit without being too tight.

Instructions for Installation and Usage

1. Fitting the Muffs:

- Open the ear muffs by unfolding them from their compact design.
- Place the muffs over the child's ears, ensuring that the ear pads cover the entire ear.
- Adjust the headband to fit comfortably on the child's head without causing pressure.

2. Checking for Proper Seal:

- Ensure that there is no gap between the ear pads and the child's skin, which could reduce the effectiveness of noise reduction.
- If the muffs do not fit properly, adjust the headband or reposition the muffs.

3. Storage:

- When not in use, fold the muffs into their compact design for easy storage.
- Store the muffs in a dry place away from direct sunlight and extreme temperatures.

Disposal Instructions

- Dispose of the ear muffs in accordance with local waste disposal regulations.
- Do not throw the muffs in regular household waste if they are damaged or no longer functional.
- Consider recycling options if available in your area.

Contact Information for Further Support
