

AFTERBURNER + RAMJET FOR GLOCK 17 GEN 4® - RADIAN WEAPONS RAMJET BARREL W/AFTERBURNER MICRO COMP GLOCK 17 G4 BLK/GRAY

RADIAN WEAPONS AFTERBURNER + RAMJET FOR GLOCK 17 GEN 4® The AFTERBURNER™ compensator is machined from stainless steel and the RAMJET™ barrel from hardened 416R SS; both are enhanced with a Radianite™ coating. This combination achieves low friction, high hardness, and high corrosion resistance, making overall durability and erosion from muzzle blast a non-issue. Angled front faces on the AFTERBURNER aid in holstering. The INTRA-LOK® mounting system uses the taper lock principle; a tapered locking screw interfaces with an angled V-groove on the underside of the barrel. This perfectly times the compensator as it locks down onto the upper barrel profile on the muzzle end of the barrel. INTRA-LOK® allows the user to simply slide the compensator over the barrel, insert and tighten the locking screw, making for a simple and repeatable installation process. This system allows the user to easily remove the barrel from the slide for cleaning.

Safety Instruction Guide for AFTERBURNER + RAMJET for GLOCK 17 GEN 4®

Introduction

Thank you for choosing the AFTERBURNER + RAMJET for GLOCK 17 GEN 4®. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully and keep it for future reference.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always handle the product with care and respect.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate protective gear, including safety glasses and hearing protection, when using firearms.
- Ensure that the firearm is unloaded before attaching or detaching the AFTERBURNER or RAMJET.
- Do not use the product if it appears damaged or malfunctioning.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local laws and regulations regarding firearm use and modifications.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded.
- Gather the necessary tools, including a screwdriver for the locking screw.

2. Installation:

- Slide the AFTERBURNER compensator over the muzzle end of the RAMJET barrel.
- Align the compensator with the barrel's upper profile.
- Insert the tapered locking screw into the angled Vgroove located on the underside of the barrel.
- Tighten the locking screw securely to ensure a proper fit.

3. Usage:

- Always check that the compensator is securely attached before firing.
- Use the firearm in a safe and controlled manner, adhering to all safety protocols.

4. Removal:

- To remove the AFTERBURNER, simply reverse the installation process by loosening the locking screw and sliding the compensator off the barrel.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm accessories.

- Do not dispose of the product in regular household waste.
- Consider recycling metal components where applicable.

Contact Information for Further Support

For any questions or concerns regarding the AFTERBURNER + RAMJET, please consult the manufacturer's website or contact their customer support for assistance.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your AFTERBURNER + RAMJET for GLOCK 17 GEN 4®. Always prioritize safety and responsible usage at all times. Thank you for your attention.
