

RIFLE PRECISION MICROMETER BULLET SEATING DIES - LEE PRECISION 308 WINCHESTER RIFLE PRECISION MICROMETER BULLET SEATING DIE

LEE PRECISION RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introducing the new Precision Micrometer bullet seating die. Features dead length bullet seating with smooth, accurate adjustment. Tests prove sliding bullet guide provides cartridges with the least bullet runout. When used as a dead length bullet seating die, the body contacts the shell holder assuring precise uniform seating depth. FEATURES Laser engraved micrometer thimble and body is easy to read with divisions representing one thousandth of an inch, reads just like a precision depth micrometer. Infinitely adjustable, providing precision bullet seating depth. Bullet seating stem is machined and burnished to seat nearly any point style bullet without damage or marking. The case mouth and bullet are held in perfect alignment by a floating bullet guide. The bullet guide is provided with radial clearance to allow the case and bullet guide to align perfectly with the bullet seater screw. The floating bullet guide is reversible, simply unthread guide and re-install to allow seating and crimping simultaneously, an exclusive feature to Lee. This bullet seating die proves accuracy doesn't have to cost a lot.

Safety Instruction Guide for RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introduction

Thank you for choosing the RIFLE PRECISION MICROMETER BULLET SEATING DIES by LEE PRECISION. This guide provides essential safety instructions to ensure the safe and effective use of your bullet seating die. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the product for any signs of damage or wear before use.
- If you notice any defects or irregularities, discontinue use immediately and seek assistance.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only with compatible cartridges; this die is designed specifically for .308 Winchester.
- Ensure that the die is securely mounted to prevent movement during use.
- Always wear appropriate safety gear, including eye protection, when reloading ammunition.
- Do not exceed the recommended load specifications for your cartridges.
- Avoid placing fingers near the bullet seating area during operation to prevent injury.
- Be aware of your surroundings and ensure that you are in a safe environment while using the die.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is clean and properly set up.
- Thread the bullet seating die into the press until it is securely in place.
- Adjust the die to the desired seating depth using the micrometer thimble.

2. Usage

- Place a cartridge case in the shell holder of your reloading press.
- Insert a bullet into the case mouth, ensuring it is aligned properly.
- Engage the press handle to raise the ram and seat the bullet.
- Use the micrometer thimble for precise adjustments to the seating depth as needed.
- After seating, check the overall cartridge length to ensure it meets specifications.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the product is no longer in use and cannot be repaired, dispose of it responsibly to minimize environmental impact.
- Check with local authorities for specific disposal guidelines related to reloading equipment and components.

Contact Information for Further Support

For any inquiries regarding safety, product usage, or technical support, please refer to the manufacturer's contact details provided with the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your RIFLE PRECISION MICROMETER BULLET SEATING DIES. Thank you for your attention to these important guidelines.
