

RIFLE PRECISION MICROMETER BULLET SEATING DIES - LEE PRECISION 45-70 LEVEREVOLUTION RIFLE PREC MICROMETER BULLET SEAT DIE

LEE PRECISION RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introducing the new Precision Micrometer bullet seating die. Features dead length bullet seating with smooth, accurate adjustment. Tests prove sliding bullet guide provides cartridges with the least bullet runout. When used as a dead length bullet seating die, the body contacts the shell holder assuring precise uniform seating depth. FEATURES Laser engraved micrometer thimble and body is easy to read with divisions representing one thousandth of an inch, reads just like a precision depth micrometer. Infinitely adjustable, providing precision bullet seating depth. Bullet seating stem is machined and burnished to seat nearly any point style bullet without damage or marking. The case mouth and bullet are held in perfect alignment by a floating bullet guide. The bullet guide is provided with radial clearance to allow the case and bullet guide to align perfectly with the bullet seater screw. The floating bullet guide is reversible, simply unthread guide and re-install to allow seating and crimping simultaneously, an exclusive feature to Lee. This bullet seating die proves accuracy doesn't have to cost a lot.

Safety Instruction Guide for RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introduction

Thank you for choosing the RIFLE PRECISION MICROMETER BULLET SEATING DIES from LEE PRECISION. This product is designed for precise bullet seating in 4570 Leverrevolution cartridges. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that all users are familiar with the operation of reloading equipment and have a good understanding of firearm safety.
- Always use this product in accordance with the manufacturer's instructions.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe product incidents or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using this product.
- Ensure that your workspace is clean, dry, and welllit.
- Do not exceed the recommended bullet seating depth as specified in the product instructions.
- Avoid using excessive force when adjusting the micrometer to prevent damage to the die.
- Make sure the bullet guide is properly aligned before seating the bullet to avoid misfires or damage.
- Keep fingers clear of the die's moving parts during operation.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is securely mounted and stable.
- Clean the die and press to remove any debris or contaminants.
- Thread the bullet seating die into the press until it is snug, but do not overtighten.
- Adjust the seating depth by turning the micrometer thimble; ensure it is set to the desired measurement.

2. Usage:

- Insert a cartridge case into the shell holder.
- Place a bullet in the case mouth, ensuring it is properly aligned.
- Lower the ram to seat the bullet, using the floating bullet guide for alignment.
- Inspect the seated bullet for proper depth and alignment.
- Repeat the process for additional cartridges, ensuring consistent seating depth.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local recycling centers or hazardous waste disposal facilities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the RIFLE PRECISION MICROMETER BULLET SEATING DIES, please refer to the manufacturer's contact information provided in the product packaging or visit their official website for more details.

By following these safety instructions, you can ensure a safe and effective reloading experience with your RIFLE PRECISION MICROMETER BULLET SEATING DIES. Thank you for your attention to safety.
