

RIFLE PRECISION MICROMETER BULLET SEATING DIES - LEE PRECISION 204 RUGER RIFLE PRECISION MICROMETER BULLET SEATING DIE

LEE PRECISION RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introducing the new Precision Micrometer bullet seating die. Features dead length bullet seating with smooth, accurate adjustment. Tests prove sliding bullet guide provides cartridges with the least bullet runout. When used as a dead length bullet seating die, the body contacts the shell holder assuring precise uniform seating depth. FEATURES Laser engraved micrometer thimble and body is easy to read with divisions representing one thousandth of an inch, reads just like a precision depth micrometer. Infinitely adjustable, providing precision bullet seating depth. Bullet seating stem is machined and burnished to seat nearly any point style bullet without damage or marking. The case mouth and bullet are held in perfect alignment by a floating bullet guide. The bullet guide is provided with radial clearance to allow the case and bullet guide to align perfectly with the bullet seater screw. The floating bullet guide is reversible, simply unthread guide and re-install to allow seating and crimping simultaneously, an exclusive feature to Lee. This bullet seating die proves accuracy doesn't have to cost a lot.

Safety Instruction Guide for RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introduction

Thank you for choosing the RIFLE PRECISION MICROMETER BULLET SEATING DIES by LEE PRECISION. This product is designed for precision bullet seating in the 204 Ruger caliber. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle reloading equipment with care to avoid accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear or damage before use.
- In case of any malfunction or damage, discontinue use immediately and seek assistance.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety alerts via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using the die.
- Ensure that the workspace is clean and organized to prevent accidents.
- Avoid distractions while operating the die.
- Do not force any components during installation or operation.
- Use only compatible components with the die to prevent malfunction.
- Follow the manufacturer's instructions for adjusting the micrometer thimble and bullet seating depth.
- Ensure that the case mouth and bullet are properly aligned before seating.

Instructions for Installation and Usage

1. Installation

- Ensure that the reloading press is securely mounted and stable.
- Attach the bullet seating die to the press according to the manufacturer's instructions.
- Adjust the die to the desired seating depth using the micrometer thimble. Ensure that the reading is clear and accurate.
- Check that the floating bullet guide is properly installed and aligned.

2. Usage

- Place a cartridge case into the shell holder of the reloading press.
- Insert a bullet into the case mouth, ensuring it is properly aligned.
- Lower the ram of the press to seat the bullet. Monitor the adjustment on the micrometer thimble for precise seating depth.
- After seating, inspect the cartridge for any irregularities or damage.
- Store the die in a safe and dry location when not in use.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in household waste if it contains hazardous materials. Contact local waste

management for proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding the RIFLE PRECISION MICROMETER BULLET SEATING DIES, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on proper usage and adherence to these instructions. Enjoy your reloading experience!
