VAPOR BIPODS Safety Instruction Guide

Introduction

Thank you for choosing the VAPOR BIPODS by Warne MFG. Company. This safety instruction guide is designed to ensure the safe and effective use of your bipod. Please read this guide carefully before using the product. Adhering to the safety guidelines will help you avoid potential hazards and ensure a positive experience with your bipod.

General Safety Guidelines

- Always inspect the bipod for any damages or defects before use. Do not use if any parts are missing or damaged.
- Ensure that the bipod is securely attached to your firearm before use.
- Use the bipod only with compatible firearms that meet the manufacturer's specifications.
- Keep the bipod out of reach of children and vulnerable individuals when not in use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the bipod legs are fully extended and locked into position before use.
- Do not exceed the maximum height of 10.5 inches when adjusting the legs.
- Avoid using the bipod on unstable or uneven surfaces to prevent tipping.
- Do not apply excessive force while adjusting the cant or height of the bipod.
- Be cautious when deploying or stowing the legs to avoid pinching fingers.
- Always use the bipod in a safe shooting environment and follow all firearm safety protocols.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Attach the bipod to the firearm using the Picatinny or MLOK® head, ensuring it is securely fastened.
- Adjust the bipod to your desired position by extending the legs to the appropriate height.

2. Usage:

- To deploy the bipod, press the buttonless stow mechanism and pull the legs down quickly.
- Adjust the height by selecting one of the eight leg positions (minimum height: 7.1 inches; maximum height: 10.5 inches).
- Lock the legs in place by ensuring they click into the desired position.
- For cant adjustments, turn the oversized aluminum tension knob to achieve the desired angle (up to 50 degrees of total cant).
- After use, stow the bipod by pressing the buttonless stow mechanism and retracting the legs.

Disposal Instructions

- Dispose of the bipod in accordance with local regulations and guidelines for electronic and metal waste.
- Do not dispose of the bipod in regular household waste.
- Consider recycling materials where possible to reduce environmental impact.
