

TAKE DOWN LEVER FOR SIG SAUER® P320 - TYRANT CNC TAKE DOWN LEVER FOR SIG SAUER P320 GOLD

TYRANT CNC TAKE DOWN LEVER FOR SIG SAUER® P320 Looking for a high-quality Sig Sauer P320 takedown lever? Look no further than the direct, drop in replacement Tyrant CNC P320 takedown lever! Crafted from solid steel and expertly CNC machined for precise fit and function, their P320 takedown lever is the perfect upgrade for your Sig Sauer P320. Tyrant CNC's takedown lever for the P320 is heat-treated for maximum durability and strength, ensuring it will stand up to even the most rigorous use. In addition to its outstanding performance, their P320 takedown lever also features a sleek bead-blasted finish that looks great and provides a non-slip grip. And to top it all off, Tyrant CNC added a PVD finish that resists wear and tear, ensuring your takedown lever will look and perform great for years to come. At Tyrant CNC, they understand that small details can make a big difference when it comes to firearm performance. That's why they designed their P320 takedown lever to be slightly oversized compared to the OEM lever. By increasing the size of the takedown lever, Tyrant CNC made it easier to manipulate, even with gloves or in high-stress situations. This can save you valuable time when disassembling your firearm, and can also make it easier to perform maintenance and cleaning tasks. But that's not all - Tyrant CNC's oversized takedown lever also doubles as a thumb support, which can help maintain accuracy in all conditions. By providing a larger surface area for your thumb to rest against, their takedown lever can help reduce muzzle movement and improve your grip on the firearm. This can be particularly useful in high-stress situations or when shooting with sweaty or wet hands. So if you're looking for a P320 takedown lever that combines superior functionality with thoughtful design, look no further than the Tyrant CNC P320 takedown lever. Trust us to help you get the most out of your Sig Sauer P320!

Safety Instruction Guide for Tyrant CNC Takedown Lever for Sig Sauer P320

Introduction

Thank you for choosing the Tyrant CNC Takedown Lever for your Sig Sauer P320. This product is designed to enhance the performance and usability of your firearm. To ensure your safety and the effective operation of the takedown lever, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the takedown lever is installed correctly before using the firearm.
- Regularly inspect the takedown lever for wear or damage.
- Store your firearm and its components securely and out of reach of children.
- If you experience any issues with the takedown lever, cease use immediately and consult a professional.

Specific Safety Precautions for Use

- **Installation Precautions:**

- Ensure the firearm is unloaded before installation.
- Use proper tools to avoid damaging the takedown lever or firearm.

- **Operational Precautions:**

- Do not force the takedown lever if it does not operate smoothly.
- Avoid using the takedown lever with gloves that may hinder grip or dexterity.

- **Maintenance Precautions:**

- Clean the takedown lever regularly to prevent buildup of dirt and debris.
- Apply lubricant as recommended by the manufacturer to maintain optimal function.

- **Age Restrictions:**

- This product is intended for use by individuals 18 years and older. Ensure that minors are supervised when handling firearms.

Instructions for Installation and Usage

Installation Instructions

1. **Prepare Your Firearm:**

- Ensure the firearm is unloaded and pointed in a safe direction.

2. **Remove the Old Takedown Lever:**

- Follow the manufacturer's guidelines to safely remove the existing takedown lever.

3. **Install the Tyrant CNC Takedown Lever:**

- Align the new takedown lever with the designated slot.
- Gently press the lever into place until it is securely fitted.

4. Check Functionality:

- Test the takedown lever to ensure it operates smoothly and securely.

Usage Instructions

- To use the takedown lever, follow the standard disassembly procedures for your Sig Sauer P320.
- Ensure your grip is firm but not overly tight to allow for smooth operation.
- Regularly practice the disassembly and reassembly of your firearm to maintain familiarity with the takedown lever.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the takedown lever in regular household waste.
- Consider recycling options for metal components if available.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please consult the manufacturer or a qualified professional.

By following these safety instructions, you can ensure a safe and effective experience with your Tyrant CNC Takedown Lever for the Sig Sauer P320. Your safety is our priority.
