Safety Instruction Guide for GBRs Group IFAS Individual First Aid System Pouches

Introduction

Thank you for choosing the GBRs Group IFAS Individual First Aid System Pouch. This guide is designed to ensure your safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR). Please read the following instructions carefully to understand how to use, maintain, and dispose of your first aid pouch safely.

General Safety Guidelines

- Always inspect the pouch and its contents before use to ensure everything is in good condition.
- Store the pouch in a cool, dry place away from direct sunlight to prevent damage to materials.
- Keep the pouch out of reach of children unless they are being supervised by an adult.
- Regularly check for any recalls or safety alerts regarding this product on the EU's Safety Gate platform.
- In case of any accidents or unsafe incidents, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the pouch is securely attached to your belt or MOLLE system before use.
- Do not overload the pouch beyond its intended capacity to prevent damage or failure during an emergency.
- Familiarize yourself with the contents and layout of the pouch to ensure quick access during an emergency.
- Use the integrated tourniquet sleeve only for its intended purpose and ensure the tourniquet is compatible.
- If you are unsure about any medical procedures, seek guidance from a qualified medical professional.

Instructions for Installation and Usage

1. Installation:

- Attach the pouch to your belt or MOLLE system using the provided MOLLE straps or belt loop.
- Ensure the pouch is securely fastened and does not move during normal activities.

2. Usage:

- In an emergency, quickly access the pouch by unfastening the side release buckle.
- Remove the contents as needed, following the instructions provided with each medical item.
- After use, inspect all items and replace any that have been used or are damaged.

Disposal Instructions

- Dispose of the pouch and its contents according to local regulations for hazardous waste.
- If the pouch is no longer usable, consider recycling it if possible. Check with local recycling facilities for guidelines.
- Ensure that any medical supplies that are expired or used are disposed of safely to prevent accidental use.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the EUbased contact point provided with your purchase.

By following these safety instructions, you can ensure the effective and safe use of your GBRS Group IFAS Individual First Aid System Pouch. Thank you for your attention to these important safety guidelines.
