Safety Instructions for GBRs Group IFAS Individual First Aid System Pouches

Introduction

Thank you for choosing the GBRs Group IFAS Individual First Aid System Pouch. This versatile and userfriendly medical pouch is designed to facilitate easy and rapid deployment in emergency situations. To ensure your safety and the effective use of this product, please read the following safety instructions carefully.

General Safety Guidelines

- Ensure that the pouch is used solely for its intended purpose as a first aid system.
- Regularly inspect the pouch for any signs of wear or damage.
- Keep the pouch out of reach of children unless supervised by an adult.
- Store the pouch in a cool, dry place away from direct sunlight to maintain the integrity of the materials.
- Familiarize yourself with the contents of the pouch and their proper use before an emergency occurs.
- In case of any safety concerns or product issues, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Use the pouch only in emergency situations; do not use it for nonemergency purposes.
- Ensure that the integrated tourniquet holder is properly secured and that the tourniquet is in good condition.
- Avoid overloading the pouch beyond its intended capacity, which may affect its functionality.
- Do not attempt to modify or alter the pouch in any way, as this may compromise its safety.
- Always follow the instructions provided with the medical supplies contained within the pouch.

Instructions for Installation and Usage

1. Unpacking the Pouch

- Carefully remove the pouch from its packaging.
- Inspect the pouch for any visible damage or missing components.

2. Mounting the Pouch

- The pouch is MOLLE/BELT compatible. Attach it securely to your gear or belt using the provided straps.
- Ensure that the pouch is tightly secured and does not shift during movement.

3. Storing Medical Supplies

- Open the pouch and organize the medical supplies in the tweave stretch pocket.
- Ensure that the integrated tourniquet is placed in its holder for easy access.
- Regularly check and replace any expired or used items in the pouch.

4. Using the Pouch in an Emergency

- In an emergency, quickly unfasten the pouch from your gear or belt.
- Access the medical supplies as needed, following the specific instructions for each item.
- After use, restock the pouch immediately to ensure it is ready for future emergencies.

Disposal Instructions

- Dispose of the pouch in accordance with local waste disposal regulations.
- If the pouch is damaged or no longer usable, ensure it is disposed of safely to prevent any potential hazards.
- Recycle any components that are recyclable, following local recycling guidelines.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to your local authorities or consumer safety organizations for assistance.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure the safe and effective use of your GBRS Group IFAS Individual First Aid System Pouch.
