

ASSAULTER BELT SYSTEM V3 - GBRS GROUP ASSAULTER BELT SYSTEM V3 MEDIUM BLACK

[Shooting Accessories](#) > [Holsters & Belt Gear](#) > [Holster Belts](#)

GBRS GROUP ASSAULTER BELT SYSTEM V3 The GBRS Group Assaulter Belt utilizes a 2-belt system to create a lightweight, flexible yet rigid and stable platform to attach equipment, holsters, and accessories. This is done by using Type 13, 1-23/32" belt webbing (7000 lbs tensile strength) as the base, with a field of PALS webbing, laser cut from a semi-rigid woven thermo-polymer (patent pending). This ensures that your equipment is always secured to something rigid while allowing the belt to remain lightweight and comfortable. To round it off, we double "W" stitch the webbing to a load-rated, 1.75" AustriAlpin Cobra buckle with a D-ring for attaching helo lanyards and other equipment. The outer belt has an inner facing of "loop" style Velcro, to attach to a low profile "hook" inner belt. We did this because hooks should never be worn towards the body, especially in such a high-wear area (belt line). The inner belt system consists of a low profile "hook" inner belt with a single layer of 1.5" scuba webbing. This results in a system that doubles as a non-metallic EDC belt and is a comfortable and convenient way to cover the abrasive hook portion of the inner belt when flipped inside out. The single layer of scuba webbing allows for a rigid surface for IWB holsters to secure firmly. SPECS Outer Belt ONE-WRAP® ¾" Loop 1" & 1.5" Binding ¾" Tegriss 12 Layer AustriAlpin D-Ring COBRA® ProStyle Buckle 1.75" 18kN* Webbing Type 13, 1-23/32" Inner Belt 3610 Low Profile Loop 1.5" HTH Extruded Hook 841 1.5" Scuba Webbing 1.5" Weight: Inner and Outer Belt Total Small: 12.9 oz. Safety Instruction Guide for the ASSAULTER BELT SYSTEM V3

Introduction

Thank you for choosing the GBRS Group Assaulter Belt System V3. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your belt system. Please read this guide thoroughly before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the Assaulter Belt System V3 by following all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices regarding this product. The manufacturer will provide standardized recall notices if necessary.
- **Online Shopping:** If purchased online, ensure that the retailer meets the safety requirements established under EU regulations.
- **Special Consumer Focus:** This product is not designed for children. Keep out of reach of children to prevent accidents.
- **EU Contact Point:** For any inquiries regarding safety, please refer to the manufacturer's contact information provided on the packaging or website.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products that may affect your purchase.

Specific Safety Precautions for Use

- **Proper Fit:** Measure your waistline circumference to ensure the correct size. Do not rely solely on pants size.
- **Avoid Sharp Objects:** Keep sharp objects away from the belt to prevent damage to the material.
- **Inspect Before Use:** Regularly check the belt for any signs of wear or damage. Do not use if damaged.
- **Secure Attachment:** Ensure all equipment and accessories are securely attached to the belt before use.
- **Avoid Excessive Weight:** Do not overload the belt beyond its designed capacity to maintain safety and comfort.
- **Use as Intended:** The Assaulter Belt System V3 is designed for tactical use. Do not use it for unintended purposes.
- **Follow Weight Guidelines:** The total weight of the inner and outer belt should not exceed the specified limits (Small: 12.9 oz, Medium: 13.8 oz, Large: 14.7 oz, XLarge: 16.8 oz).

Instructions for Installation and Usage

1. Fitting the Belt:

- Measure your waist size accurately.
- Select the appropriate size based on the waist size chart provided.
- Adjust the belt to fit snugly but comfortably around your waist.

2. Attaching the Inner Belt:

- Position the inner belt with the "hook" side facing outwards.
- Thread the inner belt through the belt loops of your pants.
- Secure the inner belt using the Velcro attachment to the outer belt.

3. Securing Equipment:

- Attach any holsters or accessories using the PALS webbing on the outer belt.
- Ensure all attachments are secured and do not obstruct movement.

4. Wearing the Belt:

- Position the outer belt over the inner belt.
- Secure the outer belt using the AustriAlpin Cobra buckle.
- Ensure the buckle is fastened properly and the D-ring is accessible for equipment attachment.

5. Adjusting for Comfort:

- Make any necessary adjustments to ensure the belt is comfortable and does not restrict movement.

Disposal Instructions

- Dispose of the Assaulter Belt System V3 in accordance with local waste disposal regulations.
- If the product is damaged beyond repair, ensure that it is disposed of in an environmentally responsible manner.
- Remove any nonbiodegradable components before disposal if possible.

Contact Information for Further Support

For any questions or concerns regarding the Assaulter Belt System V3, please refer to the manufacturer's contact information found on the packaging or the official website.
