

ASSAULTER BELT SYSTEM V3 - GBRS GROUP ASSAULTER BELT SYSTEM V3 MEDIUM COYOTE BROWN

GBRS GROUP ASSAULTER BELT SYSTEM V3 The GBRS Group Assaulter Belt utilizes a 2-belt system to create a lightweight, flexible yet rigid and stable platform to attach equipment, holsters, and accessories. This is done by using Type 13, 1-23/32" belt webbing (7000 lbs tensile strength) as the base, with a field of PALS webbing, laser cut from a semi-rigid woven thermo-polymer (patent pending). This ensures that your equipment is always secured to something rigid while allowing the belt to remain lightweight and comfortable. To round it off, we double "W" stitch the webbing to a load-rated, 1.75" AustriAlpin Cobra buckle with a D-ring for attaching helo lanyards and other equipment. The outer belt has an inner facing of "loop" style Velcro, to attach to a low profile "hook" inner belt. We did this because hooks should never be worn towards the body, especially in such a high-wear area (belt line). The inner belt system consists of a low profile "hook" inner belt with a single layer of 1.5" scuba webbing. This results in a system that doubles as a non-metallic EDC belt and is a comfortable and convenient way to cover the abrasive hook portion of the inner belt when flipped inside out. The single layer of scuba webbing allows for a rigid surface for IWB holsters to secure firmly. SPECS Outer Belt ONE-WRAP® ¾" Loop 1" & 1.5" Binding ¾" Tegriss 12 Layer AustriAlpin D-Ring COBRA® ProStyle Buckle 1.75" 18kN* Webbing Type 13, 1-23/32" Inner Belt 3610 Low Profile Loop 1.5" HTH Extruded Hook 841 1.5" Scuba Webbing 1.5" Weight: Inner and Outer Belt Total Small: 12.9 oz. Safety Instruction Guide for ASSAULTER BELT SYSTEM V3

Introduction

Thank you for choosing the GBRS Group Assaulter Belt System V3. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the belt system.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the belt system by following all guidelines in this manual. This product is designed for nonfood use and meets EU safety standards.
- **Identify Hazards:** Be aware of potential hazards associated with improper use, including injury from equipment attachment or improper fitting.
- **Enhanced Recalls:** Stay informed about product recalls. In the event of a recall, follow the instructions provided for safe return or remedy.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the EU-based contact information provided by the retailer.
- **Rapid Alerts:** Check the EU Safety Gate platform for updates on product safety.

Specific Safety Precautions for Use

- **Proper Fit:** Measure your waistline circumference accurately before selecting a size. Do not rely solely on pant sizes.
- **Weight Limit:** Do not exceed the load capacity of the belt system. Ensure that all attachments are securely fastened.
- **Avoid Metal Contact:** When using the inner belt, ensure that the hook portion does not face the body to prevent abrasions or injuries.
- **Inspect Regularly:** Periodically inspect the belt for wear and tear. Replace if any damage is observed.
- **Use as Intended:** This belt is designed for tactical use. Do not use it for purposes other than those specified in this manual.

Instructions for Installation and Usage

1. Selecting the Correct Size:

- Size S fits waist sizes 27"32" (Ideal fit 27"31")
- Size M fits waist sizes 31"36" (Ideal fit 31"34")
- Size L fits waist sizes 35"41" (Ideal fit 35"39")
- Size XL fits waist sizes 40"50" (Ideal fit 40"46")

2. Wearing the Belt:

- Place the inner belt around your waist, ensuring the hook side is facing inward.
- Attach the outer belt over the inner belt, aligning the Velcro sections.
- Secure the outer belt using the AustriAlpin Cobra buckle, ensuring it is tightly fastened.

3. Attaching Equipment:

- Use the PALS webbing to attach holsters and accessories securely.
- Ensure all attachments are properly secured before use.

4. **Adjusting for Comfort:**

- Adjust the belt to fit snugly around your waist without being overly tight.
- The belt should allow for freedom of movement while providing support for attached equipment.

Disposal Instructions

- **Environmental Considerations:** Dispose of the belt system in accordance with local regulations regarding textile and polymer waste.
- **Recycling:** If applicable, recycle components of the belt that are made from recyclable materials.
- **Safe Disposal:** Ensure that the product is disposed of in a manner that does not pose a risk to others.

Contact Information for Further Support

For any questions or concerns regarding the GBRS Group Assaulter Belt System V3, please reach out to the retailer from whom you purchased the product. They will provide the necessary support and information.

Thank you for your attention to these safety instructions. Proper use and maintenance of the GBRS Group Assaulter Belt System V3 will ensure a safe and effective experience.
