

ASSAULTER BELT SYSTEM V3 - GBRS GROUP ASSAULTER BELT SYSTEM V3 SMALL RANGER GREEN

GBRS GROUP ASSAULTER BELT SYSTEM V3 The GBRS Group Assaulter Belt utilizes a 2-belt system to create a lightweight, flexible yet rigid and stable platform to attach equipment, holsters, and accessories. This is done by using Type 13, 1-23/32" belt webbing (7000 lbs tensile strength) as the base, with a field of PALS webbing, laser cut from a semi-rigid woven thermo-polymer (patent pending). This ensures that your equipment is always secured to something rigid while allowing the belt to remain lightweight and comfortable. To round it off, we double "W" stitch the webbing to a load-rated, 1.75" AustriAlpin Cobra buckle with a D-ring for attaching helo lanyards and other equipment. The outer belt has an inner facing of "loop" style Velcro, to attach to a low profile "hook" inner belt. We did this because hooks should never be worn towards the body, especially in such a high-wear area (belt line). The inner belt system consists of a low profile "hook" inner belt with a single layer of 1.5" scuba webbing. This results in a system that doubles as a non-metallic EDC belt and is a comfortable and convenient way to cover the abrasive hook portion of the inner belt when flipped inside out. The single layer of scuba webbing allows for a rigid surface for IWB holsters to secure firmly. SPECS Outer Belt ONE-WRAP® ¾" Loop 1" & 1.5" Binding ¾" Tegriss 12 Layer AustriAlpin D-Ring COBRA® ProStyle Buckle 1.75" 18kN* Webbing Type 13, 1-23/32" Inner Belt 3610 Low Profile Loop 1.5" HTH Extruded Hook 841 1.5" Scuba Webbing 1.5" Weight: Inner and Outer Belt Total Small: 12.9 oz. Safety Instruction Guide for ASSAULTER BELT SYSTEM V3

Introduction

Thank you for choosing the ASSAULTER BELT SYSTEM V3 by GBRS Group. This guide provides essential safety information and instructions for the proper use, installation, and maintenance of your belt system. Adhering to these guidelines will help ensure safe and effective use of the product.

General Safety Guidelines

- Always inspect the belt for any signs of wear or damage before each use.
- Ensure that the belt is properly secured and adjusted to fit your waist size.
- Do not exceed the load capacity of the belt as specified in the product specifications.
- Avoid using the belt in environments where it may be exposed to extreme temperatures, chemicals, or sharp objects that could cause damage.
- Keep the belt out of reach of children and vulnerable individuals when not in use.
- Report any accidents or unsafe conditions to the appropriate authorities.

Specific Safety Precautions for Use

- **Proper Fit:** Measure your waistline circumference to select the correct size. Refer to the sizing section for detailed measurements.
- **Avoid Contact with Skin:** The inner hook portion of the belt should not come into direct contact with your skin to prevent irritation or injury.
- **Use of Accessories:** Ensure that all accessories and equipment attached to the belt are compatible and securely fastened.
- **Emergency Situations:** In case of an emergency, quickly release the belt using the AustriAlpin Cobra buckle.
- **Weight Distribution:** Distribute weight evenly across the belt to maintain balance and stability during use.

Instructions for Installation and Usage

1. Sizing:

- Measure your waistline circumference to ensure the correct fit.
- Size S fits waist sizes 27"32", Size M fits 31"36", Size L fits 35"41", and Size XL fits 40"50".

2. Attaching the Inner Belt:

- Place the inner belt around your waist and adjust it to fit snugly.
- Ensure that the "hook" side of the inner belt is facing outwards and securely attaches to the "loop" side of the outer belt.

3. Securing the Outer Belt:

- Wrap the outer belt around the inner belt and adjust for comfort.
- Ensure the buckle is properly fastened and the Dring is accessible for attaching additional equipment.

4. Using the Belt:

- Attach holsters, pouches, and accessories to the PALS webbing as needed.
- Verify that all items are securely attached before use.

5. Maintenance:

- Regularly check the belt for signs of wear, fraying, or damage.
- Clean the belt with a damp cloth and mild detergent if necessary. Avoid harsh chemicals.

Disposal Instructions

- Dispose of the ASSAULTER BELT SYSTEM V3 in accordance with local regulations.
- Do not incinerate the belt as it may release harmful substances.
- Consider recycling options for the polymer materials if available.

Contact Information for Further Support

For any safety inquiries or product support, please refer to the contact information provided with your purchase. Always keep your purchase receipt and product documentation for reference.

By following these safety instructions, you can ensure a safe and effective experience with your ASSAULTER BELT SYSTEM V3. Thank you for your attention to these important guidelines.
