

ASSAULTER BELT SYSTEM V3 - GBRS GROUP ASSAULTER BELT SYSTEM V3 MEDIUM RANGER GREEN

GBRS GROUP ASSAULTER BELT SYSTEM V3 The GBRS Group Assaulter Belt utilizes a 2-belt system to create a lightweight, flexible yet rigid and stable platform to attach equipment, holsters, and accessories. This is done by using Type 13, 1-23/32" belt webbing (7000 lbs tensile strength) as the base, with a field of PALS webbing, laser cut from a semi-rigid woven thermo-polymer (patent pending). This ensures that your equipment is always secured to something rigid while allowing the belt to remain lightweight and comfortable. To round it off, we double "W" stitch the webbing to a load-rated, 1.75" AustriAlpin Cobra buckle with a D-ring for attaching helo lanyards and other equipment. The outer belt has an inner facing of "loop" style Velcro, to attach to a low profile "hook" inner belt. We did this because hooks should never be worn towards the body, especially in such a high-wear area (belt line). The inner belt system consists of a low profile "hook" inner belt with a single layer of 1.5" scuba webbing. This results in a system that doubles as a non-metallic EDC belt and is a comfortable and convenient way to cover the abrasive hook portion of the inner belt when flipped inside out. The single layer of scuba webbing allows for a rigid surface for IWB holsters to secure firmly. SPECS Outer Belt ONE-WRAP® ¾" Loop 1" & 1.5" Binding ¾" Tegriss 12 Layer AustriAlpin D-Ring COBRA® ProStyle Buckle 1.75" 18kN* Webbing Type 13, 1-23/32" Inner Belt 3610 Low Profile Loop 1.5" HTH Extruded Hook 841 1.5" Scuba Webbing 1.5" Weight: Inner and Outer Belt Total Small: 12.9 oz. Safety Instruction Guide for the ASSAULTER BELT SYSTEM V3

Introduction

Thank you for choosing the GBRS Group Assaulter Belt System V3. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this guide carefully before using the belt system.

General Safety Guidelines

- Ensure the belt is properly fitted to your waist size before use.
- Regularly inspect the belt for any signs of wear or damage.
- Do not use the belt for purposes other than those intended.
- Keep the belt out of reach of children.
- Be aware of your surroundings when using the belt, especially when attached to equipment.
- Follow all instructions provided in this manual to minimize risks.

Specific Safety Precautions for Use

- **Avoid Excessive Load:** Do not exceed the load capacity of the belt and its attachments.
- **Secure Attachments:** Ensure all equipment, holsters, and accessories are securely attached to the belt.
- **Proper Use of Velcro:** Ensure that the inner belt's hook is not in contact with your skin to prevent irritation.
- **Check for Compatibility:** Only use compatible pouches and holsters designed for MOLLE weave systems.
- **Avoid Sharp Objects:** Keep sharp objects away from the belt to prevent damage to the webbing.

Instructions for Installation and Usage

1. Fitting the Belt:

- Measure your waistline circumference to determine the correct size.
- Select the appropriate size based on the following measurements:
 - Size S: 27"32" (Ideal fit 27"31")
 - Size M: 31"36" (Ideal fit 31"34")
 - Size L: 35"41" (Ideal fit 35"39")
 - Size XL: 40"50" (Ideal fit 40"46")

2. Attaching the Inner Belt:

- Slide the inner belt through the outer belt.
- Ensure that the loop side of the outer belt faces the hook side of the inner belt.

3. Securing Equipment:

- Attach any holsters or pouches to the PALS webbing on the outer belt.
- Ensure that all attachments are securely fastened and do not obstruct movement.

4. Adjusting the Fit:

- Adjust the buckle to ensure a snug fit around your waist.
- The belt should be comfortable but secure enough to hold equipment without slipping.

5. Removing the Belt:

- Release the buckle and carefully remove the belt from your waist.
- Store the belt in a dry place when not in use.

Disposal Instructions

- Dispose of the belt in accordance with local regulations.
- If the belt is damaged, consider recycling materials where possible.
- Do not dispose of the belt in regular household waste if it contains hazardous materials.
