

ASSAULTER BELT SYSTEM V3 - GBRS GROUP ASSAULTER BELT SYSTEM V3 X-LARGE RANGER GREEN

GBRS GROUP ASSAULTER BELT SYSTEM V3 The GBRS Group Assaulter Belt utilizes a 2-belt system to create a lightweight, flexible yet rigid and stable platform to attach equipment, holsters, and accessories. This is done by using Type 13, 1-23/32" belt webbing (7000 lbs tensile strength) as the base, with a field of PALS webbing, laser cut from a semi-rigid woven thermo-polymer (patent pending). This ensures that your equipment is always secured to something rigid while allowing the belt to remain lightweight and comfortable. To round it off, we double "W" stitch the webbing to a load-rated, 1.75" AustriAlpin Cobra buckle with a D-ring for attaching helo lanyards and other equipment. The outer belt has an inner facing of "loop" style Velcro, to attach to a low profile "hook" inner belt. We did this because hooks should never be worn towards the body, especially in such a high-wear area (belt line). The inner belt system consists of a low profile "hook" inner belt with a single layer of 1.5" scuba webbing. This results in a system that doubles as a non-metallic EDC belt and is a comfortable and convenient way to cover the abrasive hook portion of the inner belt when flipped inside out. The single layer of scuba webbing allows for a rigid surface for IWB holsters to secure firmly. SPECS Outer Belt ONE-WRAP® ¾" Loop 1" & 1.5" Binding ¾" Tegriss 12 Layer AustriAlpin D-Ring COBRA® ProStyle Buckle 1.75" 18kN* Webbing Type 13, 1-23/32" Inner Belt 3610 Low Profile Loop 1.5" HTH Extruded Hook 841 1.5" Scuba Webbing 1.5" Weight: Inner and Outer Belt Total Small: 12.9 oz. Safety Instruction Guide for ASSAULTER BELT SYSTEM V3

Introduction

Thank you for choosing the GBRS Group Assaulter Belt System V3. This guide provides essential safety instructions and guidelines for the proper use and maintenance of your belt system. It is important to follow these instructions to ensure your safety and the longevity of the product.

General Safety Guidelines

- Ensure that the belt is suitable for your waist size before use. Refer to the sizing section for accurate measurements.
- Always inspect the belt for any signs of wear, damage, or defects before use. Do not use a damaged belt.
- Keep the belt away from sharp objects and excessive heat to prevent damage.
- Ensure that all equipment and accessories attached to the belt are securely fastened.
- Do not exceed the weight limit of the belt and its components.
- Be aware of your surroundings while using the belt, especially in highwear areas.

Specific Safety Precautions for Use

- Use the inner belt as intended. The hook side should always face away from the body to avoid injury.
- When attaching holsters or pouches, ensure they are compatible with the MOLLE weave system.
- Avoid using the belt in situations where it could become entangled or caught on objects.
- For users involved in highrisk activities, consider additional safety measures or equipment.
- Store the belt in a cool, dry place when not in use to maintain its integrity.

Instructions for Installation and Usage

1. **Sizing:** Measure your waistline circumference to determine the correct size. Do not rely on pants size.

- Size S: Fits waist sizes 27"32" (Ideal fit 27"31")
- Size M: Fits waist sizes 31"36" (Ideal fit 31"34")
- Size L: Fits waist sizes 35"41" (Ideal fit 35"39")
- Size XL: Fits waist sizes 40"50" (Ideal fit 40"46")

2. **Wearing the Belt:**

- Place the inner belt around your waist, ensuring it fits snugly.
- Attach the outer belt over the inner belt, aligning the Velcro loop with the hook side of the inner belt.
- Secure the outer belt using the AustriAlpin Cobra buckle. Ensure it is tightly fastened.

3. **Attaching Accessories:**

- Use the PALS webbing to attach any holsters or pouches.
- Ensure that all attachments are secure and do not obstruct movement.

4. **Adjusting Fit:**

- If the belt feels loose or tight, readjust as necessary by repositioning the inner belt or adjusting the buckle.

Disposal Instructions

- When the belt reaches the end of its usable life, dispose of it responsibly.
- Separate any nonbiodegradable components from biodegradable materials.
- Follow local regulations for the disposal of textile products and plastic materials.

Contact Information for Further Support

For any questions or concerns regarding the use of your ASSAULTER BELT SYSTEM V3, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website for more details.

By following these safety instructions, you can ensure a safe and effective experience with your GBRS Group Assaulter Belt System V3. Always prioritize safety and take the necessary precautions when using this product.
