

ASSAULTER BELT SYSTEM V3 - GBRS GROUP ASSAULTER BELT SYSTEM V3 MEDIUM MULTICAM BLACK

[Shooting Accessories](#) > [Holsters & Belt Gear](#) > [Holster Belts](#)

GBRS GROUP ASSAULTER BELT SYSTEM V3 The GBRS Group Assaulter Belt utilizes a 2-belt system to create a lightweight, flexible yet rigid and stable platform to attach equipment, holsters, and accessories. This is done by using Type 13, 1-23/32" belt webbing (7000 lbs tensile strength) as the base, with a field of PALS webbing, laser cut from a semi-rigid woven thermo-polymer (patent pending). This ensures that your equipment is always secured to something rigid while allowing the belt to remain lightweight and comfortable. To round it off, we double "W" stitch the webbing to a load-rated, 1.75" AustriAlpin Cobra buckle with a D-ring for attaching helo lanyards and other equipment. The outer belt has an inner facing of "loop" style Velcro, to attach to a low profile "hook" inner belt. We did this because hooks should never be worn towards the body, especially in such a high-wear area (belt line). The inner belt system consists of a low profile "hook" inner belt with a single layer of 1.5" scuba webbing. This results in a system that doubles as a non-metallic EDC belt and is a comfortable and convenient way to cover the abrasive hook portion of the inner belt when flipped inside out. The single layer of scuba webbing allows for a rigid surface for IWB holsters to secure firmly. SPECS Outer Belt ONE-WRAP® ¾" Loop 1" & 1.5" Binding ¾" Tegriss 12 Layer AustriAlpin D-Ring COBRA® ProStyle Buckle 1.75" 18kN* Webbing Type 13, 1-23/32" Inner Belt 3610 Low Profile Loop 1.5" HTH Extruded Hook 841 1.5" Scuba Webbing 1.5" Weight: Inner and Outer Belt Total Small: 12.9 oz. Safety Instruction Guide for ASSAULTER BELT SYSTEM V3

Introduction

Thank you for choosing the GBRS Group Assaulter Belt System V3. This product is designed to provide a reliable and comfortable platform for attaching equipment, holsters, and accessories. This guide outlines important safety information and usage instructions to ensure your safety and the longevity of the product.

General Safety Guidelines

- Always inspect the belt before each use for any signs of wear or damage.
- Do not exceed the weight limit specified for the belt.
- Ensure that all attachments are securely fastened before use.
- Keep the belt away from sharp objects that could cause cuts or tears.
- This product is intended for adult use only. Keep out of reach of children.
- If you experience any discomfort while wearing the belt, discontinue use immediately.

Specific Safety Precautions for Use

- **Proper Fit:** Measure your waistline circumference to ensure you select the correct size. Refer to the sizing section for guidance.
- **Avoid HighWear Areas:** When adjusting the belt, be cautious of the hook portion of the inner belt; it should not be worn against the body.
- **Secure Attachments:** Use the Dring only for intended purposes, such as attaching helo lanyards; do not overload it.
- **Chemical Exposure:** Avoid exposing the belt to harsh chemicals that may degrade the materials.

Instructions for Installation and Usage

1. Selecting the Size:

- Size S fits waist sizes 27"32" (Ideal fit 27"31")
- Size M fits waist sizes 31"36" (Ideal fit 31"34")
- Size L fits waist sizes 35"41" (Ideal fit 35"39")
- Size XL fits waist sizes 40"50" (Ideal fit 40"46")

2. Wearing the Belt:

- Place the inner belt around your waist and secure it using the hookandloop closure.
- Attach the outer belt over the inner belt, ensuring the loop side of the outer belt is facing the inner belt.
- Adjust the outer belt to your desired fit and secure it with the AustriAlpin Cobra buckle.

3. Attaching Accessories:

- Use the PALS webbing on the outer belt to attach pouches and accessories.
- Ensure all accessories are firmly attached and do not interfere with movement.

4. Adjusting for Comfort:

- If the belt feels too tight or loose, readjust the fit by loosening or tightening the buckle.

Disposal Instructions

- When the belt reaches the end of its life cycle or is no longer usable, dispose of it in accordance with local regulations.
- Recycle materials where possible, especially the polymer components.

Contact Information for Further Support

For any inquiries related to safety or product support, please reach out to the manufacturer or authorized retailer. Ensure you have your product details available for reference.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the GBRS Group Assaulter Belt System V3. Always prioritize safety and comfort while using this product. Thank you for your attention to these important details.
