

ASSAULTER BELT SYSTEM V3 - GBRS GROUP ASSAULTER BELT SYSTEM V3 X-LARGE MULTICAM BLACK

GBRS GROUP ASSAULTER BELT SYSTEM V3 The GBRS Group Assaulter Belt utilizes a 2-belt system to create a lightweight, flexible yet rigid and stable platform to attach equipment, holsters, and accessories. This is done by using Type 13, 1-23/32" belt webbing (7000 lbs tensile strength) as the base, with a field of PALS webbing, laser cut from a semi-rigid woven thermo-polymer (patent pending). This ensures that your equipment is always secured to something rigid while allowing the belt to remain lightweight and comfortable. To round it off, we double "W" stitch the webbing to a load-rated, 1.75" AustriAlpin Cobra buckle with a D-ring for attaching helo lanyards and other equipment. The outer belt has an inner facing of "loop" style Velcro, to attach to a low profile "hook" inner belt. We did this because hooks should never be worn towards the body, especially in such a high-wear area (belt line). The inner belt system consists of a low profile "hook" inner belt with a single layer of 1.5" scuba webbing. This results in a system that doubles as a non-metallic EDC belt and is a comfortable and convenient way to cover the abrasive hook portion of the inner belt when flipped inside out. The single layer of scuba webbing allows for a rigid surface for IWB holsters to secure firmly. SPECS Outer Belt ONE-WRAP® ¾" Loop 1" & 1.5" Binding ¾" Tegriss 12 Layer AustriAlpin D-Ring COBRA® ProStyle Buckle 1.75" 18kN* Webbing Type 13, 1-23/32" Inner Belt 3610 Low Profile Loop 1.5" HTH Extruded Hook 841 1.5" Scuba Webbing 1.5" Weight: Inner and Outer Belt Total Small: 12.9 oz. Safety Instruction Guide for the ASSAULTER BELT SYSTEM V3

Introduction

Thank you for choosing the ASSAULTER BELT SYSTEM V3 by GBRS Group. This product is designed to provide a safe and effective means of carrying your equipment. To ensure your safety and the longevity of the product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always inspect the belt before each use for signs of wear or damage.
- Ensure that all components, including buckles and webbing, are functioning correctly.
- Use the belt only for its intended purpose and within the specified weight limits.
- Keep the belt away from sharp objects or extreme heat to prevent damage.
- Store the belt in a cool, dry place when not in use.
- Do not modify the belt or its components in any way.
- Be aware of your surroundings and avoid entanglement with other objects while wearing the belt.

Specific Safety Precautions for Use

- **Weight Capacity:** The belt is designed to carry equipment within a safe load limit. Do not exceed the specified limits for your size.
- **Hook and Loop Fasteners:** Ensure that the inner belt's hook and loop fasteners are securely attached to prevent slippage during use.
- **Buckle Usage:** Always ensure that the buckle is fully engaged before use. A disengaged buckle can result in equipment falling or the belt coming loose.
- **Vulnerable Groups:** This product is not intended for use by children. Ensure that it is kept out of reach of children to avoid accidents.

Instructions for Installation and Usage

1. Measuring Your Waist:

- Measure your waistline circumference to choose the correct size. Do not use pants size for measurement.
- Size S: Fits waist sizes 27"32" (Ideal fit 27"31")
- Size M: Fits waist sizes 31"36" (Ideal fit 31"34")
- Size L: Fits waist sizes 35"41" (Ideal fit 35"39")
- Size XL: Fits waist sizes 40"50" (Ideal fit 40"46")

2. Attaching the Inner Belt:

- Place the inner belt around your waist and secure it using the hook and loop fasteners.
- Ensure that the hook side of the inner belt is facing inward, away from your body.

3. Attaching the Outer Belt:

- Position the outer belt over the inner belt.
- Align the inner belt's loop side with the outer belt's hook side and press firmly to secure.

4. Securing Equipment:

- Utilize the PALS webbing on the outer belt to attach holsters and other accessories.
- Ensure that all attachments are secured and do not obstruct movement.

5. Using the Buckle:

- Connect the AustriAlpin Cobra buckle by sliding the male end into the female end until you hear a click.
- To release, press the buckle's release mechanism and pull apart.

6. Adjusting Fit:

- Adjust the belt as necessary for comfort, ensuring it fits snugly but not too tight.

Disposal Instructions

- When the belt reaches the end of its usable life, dispose of it responsibly.
- Check local regulations for proper disposal methods of textile products.
- Do not dispose of in regular household waste if it contains any hazardous materials.

Contact Information for Further Support

For any inquiries regarding safety or product functionality, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and effective experience with your ASSAULTER BELT SYSTEM V3. Thank you for your attention to safety, and enjoy your product!
