

EX PERFORMANCE ADJ STOCK & FOREND FOR MOSSBERG 12G 500/590/88 - ADAPTIVE TACTICAL, LLC EX PERFORMANCE ADJ STOCK & FOREND FOR MOSSBRG 500/590/88 BLK

ADAPTIVE TACTICAL, LLC EX PERFORMANCE ADJUSTABLE STOCK & FOREND FOR MOSSBERG 500/590/88 Optimized for pump shotguns, the advanced design features and high-impact, polymer construction of the EX Performance Adjustable Stock and Forend make it an ideal choice when upgrading your Mossberg 500 & 88*, 590 series 12g pump shotgun. The EX Performance Adjustable Stock features an easy-to-reach rapid adjust lever for custom length-of-pull, and includes an integrated QD swivel attachment and molded in non-rust standard sling swivel attachment. Durable polymer construction with a comfortable non-slip vented rubber recoil pad, oversized extra strength adjustment pin, and sleek industrial design. The EX Performance Forend features a 2 inch picatinny rail concealed under the nose cap. Uncovered it's ideal for attaching tactical accessories like lasers or lights. Constructed of durable of high performance, lightweight polymer. Important! EX Forend installation requires all Mossberg Maverick 88 or Mossberg 500 models made after March 2020 to purchase a 7 3/4" or 6 3/4" 12 gauge metal action slide tube assembly and forend retention nut from Mossberg, a local dealer, an online retailer or directly from Adaptive Tactical. Shockwave NOTICE: The EX Forend is compatible with the Mossberg Shockwave platform, however Adaptive Tactical does not recommend use of the EX Forend or EX Tactical Lighted Forend in conjunction with the Shockwave firearm. The dimensions of the EX Forend combined with extreme use conditions can potentially position the shooter's hand in close proximity to the muzzle end of the firearm. This scenario could result in serious to life threatening injuries. To minimize the potential for accidental discharges and/or serious injury, Adaptive only recommends the use of the factory forend with the safety strap. SPECS Designed for owner installation Accessory rail concealed under forend nose cap Adjustable Stock Maximum Length: 15" with recoil pad 14" without recoil pad Minimum Length: 11.5" with recoil pad 10.5" without recoil pad Integrated sling attachment points Available Colors: Black Orange - Optimized and readily identifiable for 'Less Lethal' Law Enforcement applications Compatible with Mossberg 500 & 88*, 590 series 12g pump shotguns Made in the U.S.A. NTOA Member Tested and Recommended

Safety Instruction Guide for EX Performance Adjustable Stock & Forend for Mossberg 12G 500/590/88

Introduction

Thank you for choosing the EX Performance Adjustable Stock and Forend from Adaptive Tactical, LLC. This product is designed to enhance the performance of your Mossberg 500, 590, or Maverick 88 series 12gauge pump shotgun. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure safe use of the EX Performance Adjustable Stock and Forend by following these guidelines:
 - Always treat firearms as if they are loaded.
 - Keep the firearm pointed in a safe direction at all times.
 - Store firearms and ammunition separately and securely.
 - Keep the firearm out of reach of children and unauthorized users.
 - Follow all local laws and regulations regarding firearm use and modifications.
 - Regularly inspect the product for any signs of wear or damage before use.
 - If you experience any issues with the product, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- The following precautions are essential for safe operation:
 - The EX Forend installation requires specific components for models made after March 2020. Ensure you have the correct 7 3/4" or 6 3/4" 12gauge metal action slide tube assembly and forend retention nut.
 - Do not use the EX Forend or EX Tactical Lighted Forend in conjunction with the Mossberg Shockwave platform. This could result in serious injury.
 - Be aware of your hand positioning; the dimensions of the EX Forend may place your hand near the muzzle end of the firearm.
 - Use the factory forend with the safety strap to minimize the risk of accidental discharges and serious injury.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the EX Performance Adjustable Stock and Forend:

1. Installation of the Stock:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Remove the existing stock by unscrewing the stock retention screw.
- Align the EX Performance Adjustable Stock with the shotgun's receiver.
- Secure the stock in place using the provided retention screw.
- Adjust the length of pull using the rapid adjust lever to your desired length.

2. Installation of the Forend:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Remove the existing forend by unscrewing the forend retention nut.

- Install the EX Performance Forend by aligning it with the action slide tube.
- Secure the forend in place using the provided retention nut.
- Attach any tactical accessories to the concealed picatinny rail as needed.

- **Usage Instructions:**

- Always check the adjustment lever before use to ensure it is secure.
- Ensure that any tactical accessories attached to the forend are properly secured.
- Practice safe handling and operation of the shotgun at all times.

Disposal Instructions

- When disposing of the EX Performance Adjustable Stock and Forend, follow these guidelines:
 - Do not dispose of the product in regular household waste.
 - Check local regulations for disposal of polymer materials and firearm accessories.
 - Consider recycling options where available, or contact a local waste management facility for guidance.

Contact Information for Further Support

- For any inquiries regarding the EX Performance Adjustable Stock and Forend, please consult the product packaging for contact details or visit the manufacturer's website for additional resources.

By following these safety instructions, you can ensure a safer and more enjoyable experience with your EX Performance Adjustable Stock and Forend. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
