

# **LLC EX PERFORMANCE TACTICAL LIGHT FOREND FOR MOSSBERG 500/590/88 - ADAPTIVE TACTICAL, LLC EX PERFORMANCE TACTICAL LIGHT FOREND FOR MOSS 500/590/88 BLK**

ADAPTIVE TACTICAL, LLC LLC EX PERFORMANCE TACTICAL LIGHT FOREND FOR MOSSBERG 500/590/88 Designed for reliability and built to perform, the EX Performance Tactical Light Forend is an engineered solution to your low light firearm needs. Quickly and easily upgrade your Remington or Mossberg shotgun to be a more versatile defense firearm. Full of features important for low light use, the EX Performance Tactical Light Forend is a tool that every shotgun owner should incorporate into their training. Compact, powerful 300-lumen tactical flashlight seamlessly integrates into forend body. Three levels of illumination are designed to offer wide, smooth beams ideal for close-range, shotgun applications. Removable light reveals a 2 inch picatinny rail for attaching other accessories, or rail may be concealed under the included nose cap. **NOTES** All Mossberg Maverick 88 or Mossberg 500 models made after March 2020 require the purchase of a forend slide assembly from Mossberg or an online parts retailer. **Shockwave NOTICE:** The EX Forend is compatible with the Mossberg Shockwave platform, however Adaptive Tactical does not recommend use of the EX Forend or EX Tactical Lighted Forend in conjunction with the Shockwave firearm. The dimensions of the EX Forend combined with extreme use conditions can potentially position the shooter's hand in close proximity to the muzzle end of the firearm. This scenario could result in serious to life threatening injuries. To minimize the potential for accidental discharges and/or serious injury, Adaptive only recommends the use of the factory forend with the safety strap. **SPECS** Tactical Light 300-lumen beam features a run time of up to 3 hours Powered by 2 AA batteries (included) Easy to reach, ambidextrous on/off button 3 illumination settings: Momentary On, Constant On, Rapid Strobe Aluminum bezel with defense chamfer edge; Tempered glass lens Weatherproof, high-strength reinforced polymer housing Patented quick-detach thumb screw rail clamp Designed for owner installation Tactical light may be removed to allow alternate accessories to be mounted on 2 inch picatinny rail, or covered with included forend cap Made in the U.S.A. Ex-Performance Forend Available for Remington 870 12g\*\*\* and Mossberg 500 & 88\*, 590 series, 590M 12g pump shotguns Designed for owner installation Tactical light may be removed to allow alternate accessories to be mounted on 2 inch picatinny rail, or covered with included forend cap Made in the U.S.A.

# Safety Instruction Guide for LLC EX Performance Tactical Light Forend for Mossberg 500/590/88

## Introduction

Thank you for choosing the LLC EX Performance Tactical Light Forend for your Mossberg 500, 590, or Maverick 88 shotgun. This product is designed to enhance your firearm's functionality in lowlight conditions. However, it is essential to follow safety guidelines to ensure safe usage and prevent accidents. This guide provides important safety instructions, installation procedures, and disposal information.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the firearm and ammunition separately and securely.
- Regularly inspect the tactical light forend for any signs of damage or wear.
- Do not use the tactical light forend if it appears damaged or malfunctioning.
- Always follow local laws and regulations regarding firearm usage and modifications.

## Specific Safety Precautions for Use

- The EX Forend is compatible with the Mossberg Shockwave platform; however, it is not recommended for use with this firearm due to safety concerns.
- Ensure that your hand is not in close proximity to the muzzle end of the firearm during usage.
- Avoid using the tactical light in extreme conditions that may affect its performance.
- Be aware of your surroundings and ensure that there are no obstructions when using the tactical light.
- Use the tactical light responsibly and only in appropriate situations.

## Instructions for Installation and Usage

### Installation

1. **Prepare the Shotgun:** Ensure your shotgun is unloaded and in a safe condition before starting the installation.
2. **Remove the Existing Forend:** If applicable, detach the existing forend from your shotgun following the manufacturer's instructions.
3. **Attach the EX Performance Tactical Light Forend:**
  - Align the forend with the shotgun's receiver.
  - Secure it in place using the provided mounting hardware.
  - Ensure the forend is tightly fitted and does not wobble.
4. **Install Batteries:** Insert 2 AA batteries into the tactical light compartment as indicated in the product manual.
5. **Test the Tactical Light:** Press the ambidextrous on/off button to ensure the tactical light is functioning correctly.

### Usage

- **Operating the Tactical Light:**
  - The tactical light features three illumination settings: Momentary On, Constant On, and Rapid Strobe. Choose the appropriate setting for your needs.
  - To switch between settings, press the on/off button as needed.
- **Removing the Tactical Light:** If you wish to attach other accessories, the tactical light can be removed to reveal a 2inch picatinny rail. Follow the manufacturer's instructions to detach it safely.

## **Disposal Instructions**

- Dispose of the tactical light forend in accordance with local regulations regarding electronic waste and firearm accessories.
- Remove batteries before disposal and recycle them according to local guidelines.
- Do not dispose of the tactical light in regular household waste.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and usage of the LLC EX Performance Tactical Light Forend, please consult your local retailer or the manufacturer's website for assistance.

By following these safety instructions, you can ensure a safer experience while using the LLC EX Performance Tactical Light Forend. Always prioritize safety and responsible firearm handling.
