

# MATCHMASTER BULLET SEATER DIES - RCBS .257 ROBERTS

## MATCHMASTER BULLET SEATING DIE

RCBS MATCHMASTER BULLET SEATER DIES Matchmaster dies are the pinnacle of reloading dies with rich features, outstanding fit and finish, and unbeatable accuracy. Available in both full-length size and neck-size sets, as well as a stand-alone seater die, you will enjoy years of use from Matchmaster dies. Each die is made from case hardened steel, the inside surfaces are precision-drilled and reamed to exacting standards, and hand polished. The Matchmaster seater die is beautifully machined, polished, and finished off with a deep blued finish like on the finest firearms. The large, oversized adjustment knob on the Matchmaster seater die has oversized letters and hash marks making it both precise to turn as well as easy to read. Dial one thousandth of an inch, and that is exactly what you will get. The seater also features RCBS exclusive loading window which allows you to drop the bullet in and simply run the press to seat your bullet. No more trying to balance a bullet on a case mouth or putting fingers in danger. The internal sleeve catches and holds the bullet in perfect alignment with the case and guides it during the seating operation for astoundingly concentric results. FEATURES Bullet Seating Die Only Bullet seating window with bullet retention system Large Oversize Micrometer for easy adjustments free-floating, self-centering bullet seating stem Standard 7/8"-14 Thread Limited Lifetime Warranty Made in USA

## ROBERTS Safety Instructions

### Introduction

Thank you for purchasing the MATCHMASTER BULLET SEATER DIES RCBS .257 ROBERTS. This product is designed to enhance your reloading experience with precision and reliability. It is essential to follow the safety guidelines outlined in this manual to ensure safe and effective use of the product.

### General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that you are in a wellventilated area when using this product.
- Keep this product out of reach of children and unauthorized users.
- Wear appropriate safety gear, including safety glasses and gloves, while using the die.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

### Specific Safety Precautions for Use

- Use the die only with compatible cartridges as specified in the product description.
- Ensure that the press is securely mounted and stable before operation.
- Do not exceed the recommended load limits when reloading.
- Avoid distractions while operating the reloading press to maintain focus.
- Always keep fingers clear of moving parts during operation.
- If you experience any unusual noise or resistance during use, stop immediately and inspect the equipment.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure the reloading press is clean and free of debris.
- Securely attach the MATCHMASTER BULLET SEATER DIES to the reloading press using the standard 7/8"14 thread.
- Make sure the die is tightened properly to avoid any movement during use.

#### 2. Usage:

- Adjust the large oversize micrometer to the desired bullet seating depth.
- Utilize the bullet seating window to drop the bullet into the die.
- Operate the press to seat the bullet, ensuring that the internal sleeve aligns the bullet correctly with the case.
- After seating, inspect the cartridge for proper alignment and depth.

### Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product becomes damaged or unusable, follow your local waste disposal guidelines for metal and plastic materials.
- Do not dispose of the product in general waste. Contact local recycling centers for proper disposal methods.
