

MATCHMASTER BULLET SEATER DIES - RCBS .280 REMINGTON

MATCHMASTER BULLET SEATING DIE

RCBS MATCHMASTER BULLET SEATER DIES Matchmaster dies are the pinnacle of reloading dies with rich features, outstanding fit and finish, and unbeatable accuracy. Available in both full-length size and neck-size sets, as well as a stand-alone seater die, you will enjoy years of use from Matchmaster dies. Each die is made from case hardened steel, the inside surfaces are precision-drilled and reamed to exacting standards, and hand polished. The Matchmaster seater die is beautifully machined, polished, and finished off with a deep blued finish like on the finest firearms. The large, oversized adjustment knob on the Matchmaster seater die has oversized letters and hash marks making it both precise to turn as well as easy to read. Dial one thousandth of an inch, and that is exactly what you will get. The seater also features RCBS exclusive loading window which allows you to drop the bullet in and simply run the press to seat your bullet. No more trying to balance a bullet on a case mouth or putting fingers in danger. The internal sleeve catches and holds the bullet in perfect alignment with the case and guides it during the seating operation for astoundingly concentric results. FEATURES Bullet Seating Die Only Bullet seating window with bullet retention system Large Oversize Micrometer for easy adjustments free-floating, self-centering bullet seating stem Standard 7/8"-14 Thread Limited Lifetime Warranty Made in USA

MATCHMASTER BULLET SEATER DIES RCBS .280 REMINGTON Safety Instruction Guide

Introduction

Thank you for choosing the MATCHMASTER BULLET SEATER DIES RCBS .280 REMINGTON. This product is designed for precision reloading and aims to provide exceptional performance. However, it is important to follow safety guidelines to ensure safe and effective use. This guide outlines essential safety information, precautions, and instructions for proper installation and usage.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as described in this manual.
- Regularly inspect the product for any signs of wear or damage before use.
- Store the product in a dry, cool place away from direct sunlight and moisture.
- Report any unsafe conditions or accidents to the appropriate authorities immediately.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the bullet seater die.
- Ensure that the reloading press is securely mounted and stable before use.
- Do not overload the reloading press beyond its specified capacity.
- Handle all components, including bullets and cases, with care to avoid injury.
- Avoid distractions while using the product to maintain focus and precision.
- Do not attempt to modify or alter the bullet seater die in any way.
- Ensure that the work area is welllit and organized to prevent accidents.

Instructions for Installation and Usage

1. Installation

- Securely mount the reloading press to a stable surface.
- Insert the MATCHMASTER BULLET SEATER DIE into the reloading press, ensuring it is tightly secured.
- Adjust the die to the desired depth according to the specifications for the bullet being used.

2. Usage

- Place a case into the reloading press and ensure it is properly positioned.
- Drop the bullet into the bullet seating window.
- Activate the press to seat the bullet. The internal sleeve will guide the bullet into alignment with the case.
- Check the seating depth and adjust the large micrometer knob as necessary for precision.
- After use, clean the die to remove any residue or debris.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling or hazardous

waste facility.

- Ensure that all packaging materials are disposed of responsibly.
