

MATCHMASTER BULLET SEATER DIES - RCBS 300 AAC BLACKOUT

MATCHMASTER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

RCBS MATCHMASTER BULLET SEATER DIES Matchmaster dies are the pinnacle of reloading dies with rich features, outstanding fit and finish, and unbeatable accuracy. Available in both full-length size and neck-size sets, as well as a stand-alone seater die, you will enjoy years of use from Matchmaster dies. Each die is made from case hardened steel, the inside surfaces are precision-drilled and reamed to exacting standards, and hand polished. The Matchmaster seater die is beautifully machined, polished, and finished off with a deep blued finish like on the finest firearms. The large, oversized adjustment knob on the Matchmaster seater die has oversized letters and hash marks making it both precise to turn as well as easy to read. Dial one thousandth of an inch, and that is exactly what you will get. The seater also features RCBS exclusive loading window which allows you to drop the bullet in and simply run the press to seat your bullet. No more trying to balance a bullet on a case mouth or putting fingers in danger. The internal sleeve catches and holds the bullet in perfect alignment with the case and guides it during the seating operation for astoundingly concentric results. **FEATURES** Bullet Seating Die Only Bullet seating window with bullet retention system Large Oversize Micrometer for easy adjustments free-floating, self-centering bullet seating stem Standard 7/8"-14 Thread Limited Lifetime Warranty Made in USA

Safety Instruction Guide for MATCHMASTER BULLET SEATER DIES RCBS 300 AAC BLACKOUT

Introduction

Thank you for choosing the MATCHMASTER BULLET SEATER DIES by RCBS. This guide provides essential safety instructions to ensure the safe use of this product. Please read this document carefully before using the die to ensure proper handling and to avoid any potential hazards.

General Safety Guidelines

- Always follow safety instructions when using reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure that the workspace is clean, dry, and welllit.
- Wear appropriate personal protective equipment, such as safety glasses and gloves, when handling reloading materials.
- Store the dies in a secure location to prevent unauthorized access.
- Regularly inspect the dies for wear or damage before use.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The die is designed for reloading ammunition. Improper use can result in serious injury or damage.
 - Ensure all components are compatible with the 300 AAC Blackout cartridge.
- **Avoiding Hazards:**
 - Do not exceed the recommended load specifications for the cartridge.
 - Always doublecheck measurements before adjusting the die.
 - Ensure that the bullet is seated correctly to avoid misfires or accidents.
 - Do not attempt to modify the die or use it for purposes other than its intended use.
- **Age Restrictions:**
 - This product is intended for use by individuals over the age of 18. Minors should be supervised by a responsible adult.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Thread the MATCHMASTER BULLET SEATER DIE into the reloading press using the standard 7/8"14 thread.
- Tighten the die securely without overtightening to prevent damage.

2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Set the bullet seating depth by adjusting the large oversize micrometer on the die.
- Use the RCBS exclusive loading window to drop the bullet into the case.
- Run the press to seat the bullet. Ensure that the bullet is held in perfect alignment by the internal sleeve.
- Check the seating depth and adjust if necessary for precise measurements.
- Always keep hands clear of the press during operation to avoid injury.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition or reloading materials in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For questions or concerns regarding the MATCHMASTER BULLET SEATER DIES, please refer to the manufacturer's website or contact the designated support line for assistance.

Conclusion

By following these safety instructions, you can ensure a safer reloading experience with the MATCHMASTER BULLET SEATER DIES RCBS 300 AAC BLACKOUT. Always prioritize safety and responsible handling of reloading equipment. Thank you for your commitment to safe reloading practices.
