

MATCHMASTER BULLET SEATER DIES - RCBS .338 WINCHESTER

MATCHMASTER BULLET SEATING DIE

RCBS MATCHMASTER BULLET SEATER DIES Matchmaster dies are the pinnacle of reloading dies with rich features, outstanding fit and finish, and unbeatable accuracy. Available in both full-length size and neck-size sets, as well as a stand-alone seater die, you will enjoy years of use from Matchmaster dies. Each die is made from case hardened steel, the inside surfaces are precision-drilled and reamed to exacting standards, and hand polished. The Matchmaster seater die is beautifully machined, polished, and finished off with a deep blued finish like on the finest firearms. The large, oversized adjustment knob on the Matchmaster seater die has oversized letters and hash marks making it both precise to turn as well as easy to read. Dial one thousandth of an inch, and that is exactly what you will get. The seater also features RCBS exclusive loading window which allows you to drop the bullet in and simply run the press to seat your bullet. No more trying to balance a bullet on a case mouth or putting fingers in danger. The internal sleeve catches and holds the bullet in perfect alignment with the case and guides it during the seating operation for astoundingly concentric results. FEATURES Bullet Seating Die Only Bullet seating window with bullet retention system Large Oversize Micrometer for easy adjustments free-floating, self-centering bullet seating stem Standard 7/8"-14 Thread Limited Lifetime Warranty Made in USA

MATCHMASTER BULLET SEATER DIES RCBS Safety Instruction Guide

Introduction

Thank you for choosing the RCBS MATCHMASTER BULLET SEATER DIES. This product is designed for precision reloading, ensuring the highest standards of safety and performance. Please read this safety instruction guide thoroughly to understand how to use this product safely and effectively.

General Safety Guidelines

- Always use the bullet seater die in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, dry, and free from distractions while reloading.
- Keep the bullet seater die out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Be aware of your surroundings and ensure that no one is in the immediate area during reloading operations.
- Regularly inspect the bullet seater die for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities promptly.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the die is securely mounted in the reloading press before use.
- Do not exceed the recommended load specifications for any cartridge being reloaded.
- Always verify that the bullet is properly seated before proceeding with further reloading steps.
- Avoid placing fingers near the die's moving parts during operation to prevent injury.
- Use the bullet seating window to drop bullets into the die, avoiding manual placement that could lead to misalignment or injury.
- Handle all reloading components, including powder and primers, with care and store them according to safety guidelines.
- If you experience any unusual resistance or difficulty during the reloading process, stop immediately and inspect the die and components for issues.

Instructions for Installation and Usage

1. Installation

- Ensure the reloading press is securely mounted to a stable work surface.
- Insert the MATCHMASTER BULLET SEATER DIE into the press, ensuring it is tightened to prevent movement during use.
- Adjust the die to the desired seating depth using the large micrometer adjustment knob.

2. Usage

- Prepare your cases according to standard reloading practices.
- Place a bullet into the bullet seating window of the die.
- Activate the press to seat the bullet; the internal sleeve will align the bullet with the case.
- Inspect the seated bullet for proper alignment and depth before proceeding to the next step.
- Repeat the process for each cartridge, ensuring consistent results.

Disposal Instructions

- Dispose of any used or damaged reloading components in accordance with local regulations.
- Do not throw away the bullet seater die in regular trash if it is damaged; check with local waste management for proper disposal methods.
- Ensure that all hazardous materials, such as primers and powders, are disposed of in a safe and environmentally friendly manner.

Contact Information for Further Support

For any questions or concerns regarding the MATCHMASTER BULLET SEATER DIES, please refer to the manufacturer's website for additional resources and support.

By following these safety instructions, you can ensure a safe and effective reloading experience with your MATCHMASTER BULLET SEATER DIES. Thank you for your attention to safety and for choosing RCBS products.
