

# BILLET ALUMINUM RELOADING TRAYS - L.E. WILSON, INC. .506" HEAD RELOADING TRAY BILLET ALUMINUM

L.E. WILSON, INC. BILLET ALUMINUM RELOADING TRAYS The L.E. Wilson Billet Aluminum Reloading Trays are precision-machined in-house from a solid block of billet aluminum for unmatched strength and durability. Built to last for many years of use, each tray features a clear anodized finish for corrosion resistance and a sleek, professional look. Compact and stackable, these trays make brass handling efficient at home, the range, or on the road. Proudly made in the USA, every tray is engraved with the WILSON logo on each end, a mark of superior craftsmanship. FEATURES Unique 55-hole design—set aside rounds for inspection, run 50 rounds per tray with added space for powder dispensing, or process brass efficiently. Cartridge compatibility—works with cases using a .473" head diameter, including: 22-250 Rem, 220 Swift, 6-250, 243 Win, 6 mm Rem, 6 mm Creedmoor, 240 Weatherby, 25-06 Rem, 250 Sav, 260 Rem, 6.5 mm Creedmoor, 6.5x55 mm, 270 Win, 7x57 mm, 7-08 Rem, 280 Rem, 308 Win, 30-06 Sprg, 8x57 mm, 35 Whelen, 35 Rem, and many more. Low-profile design—precisely spaced holes make it easier to grip and handle each case. Stackable and lightweight—perfect for storage or transport to the range. Multiple size options—available in different tray sizes to fit your reloading needs. WHY CHOOSE BILLET ALUMINUM? Unlike plastic trays, billet aluminum provides superior stability, heat resistance, and longevity. These trays won't warp, crack, or degrade, making them the premium choice for reloaders who demand consistency and reliability. Whether you're sorting, processing, or separating brass, Wilson Reloading Trays deliver efficient, professional-grade performance.

# Safety Instruction Guide for BILLET ALUMINUM RELOADING TRAYS

## Introduction

Thank you for choosing the BILLET ALUMINUM RELOADING TRAYS by L.E. WILSON, INC. This guide provides important safety information and instructions to ensure safe use and optimal performance of the product. Please read this guide carefully before using the reloading trays.

## General Safety Guidelines

- Ensure safe handling of the trays to prevent injury.
- Always inspect the trays for any visible damage before use.
- Keep the trays out of reach of children and vulnerable individuals.
- Do not use the trays for any purpose other than reloading ammunition.
- Follow local regulations regarding the storage and handling of ammunition components.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when reloading.
- Ensure that your workspace is clean and free of obstructions to avoid accidents.
- Use the trays in a wellventilated area to minimize exposure to dust and particles.
- Avoid placing heavy objects on top of the trays to prevent deformation.
- Do not overload the trays beyond their intended capacity to maintain stability.

## Instructions for Installation and Usage

1. **Setup:** Place the reloading tray on a flat, stable surface to ensure even weight distribution.
2. **Loading:**
  - Use the unique 55hole design to organize your rounds efficiently.
  - Ensure that cases are seated properly within the holes to prevent tipping.
3. **Inspection:**
  - Set aside rounds for inspection as needed.
  - Regularly check for any signs of wear or damage to the trays.
4. **Transport:**
  - When transporting trays, stack them neatly to avoid shifting and potential damage.
  - Store trays in a cool, dry place when not in use.

## Disposal Instructions

- Dispose of the reloading trays according to local regulations for aluminum recycling.
- Do not dispose of the trays in regular household waste.
- If the trays are damaged beyond use, contact local recycling centers for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the use of the BILLET ALUMINUM RELOADING TRAYS, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and efficient reloading experience with your BILLET ALUMINUM RELOADING TRAYS. Thank you for your attention to safety, and enjoy your

reloading activities responsibly.
