

"WILSON" 25-ROUND RELOADING TRAYS WITH CUP - L.E. WILSON, INC. .440" 25-ROUND RELOADING TRAY W/CUP BLACK & YELLOW

L.E. WILSON, INC. RELOADING TRAYS WITH CUP The L.E. Wilson 25-Round Reloading Tray (.473 case head) streamlines brass handling for the .308 Win family and other cartridges sharing the .473" bolt face. Precision-machined from durable HDPE plastic, it pairs a low-profile 25-hole layout with a convenient bullet/primer cup for efficient sorting, charging, and inspection. The black/yellow finish is tough and easy to spot on the bench, and the spacing gives you room to grab cases without tipping. Proudly made in the USA. **FEATURES** 25-Round Capacity – Holds up to 25 cases securely for organized case prep. Integrated Bullet/Primer Cup – Convenient storage for bullets or primers during reloading. Precision-Machined HDPE Plastic – Durable, solvent-resistant material that won't corrode. Low-Profile Design – Provides stability and easy access to cases without tipping. Black/Yellow Color Scheme – High-visibility finish for quick identification on the bench. Caliber-Specific Hole Sizes – Available in multiple head diameters (.380, .440, .473, .506, .533) to fit common cartridge families.

Safety Instruction Guide for WILSON 25Round Reloading Trays with Cup

Introduction

Thank you for purchasing the WILSON 25Round Reloading Tray with Cup by L.E. WILSON, INC. This product is designed to streamline your reloading process while ensuring safety and efficiency. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always handle reloading trays with care to prevent spills and accidents.
- Ensure that the work area is clean and free from any obstructions.
- Use the reloading tray only for its intended purpose.
- Keep the reloading tray out of reach of children and pets.
- Regularly inspect the tray for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the proper authorities.

Specific Safety Precautions for Use

- **Material Safety:** The reloading tray is made from HDPE plastic, which is durable and solventresistant. However, avoid exposure to harsh chemicals that may damage the material.
- **Handling Cases:** When inserting or removing cases, do so gently to avoid tipping the tray and spilling components.
- **Bullet/Primer Cup:** Use the integrated bullet/primer cup for storing components during reloading. Ensure it is securely attached before use.
- **Visibility:** The black/yellow color scheme is designed for high visibility. Ensure that the tray is placed in a welllit area to avoid accidents.
- **Age Restrictions:** This product is intended for use by individuals who are knowledgeable about reloading practices. Keep out of reach of children.

Instructions for Installation and Usage

1. Setup:

- Place the reloading tray on a flat, stable surface.
- Ensure that the area is welllit and free from distractions.

2. Loading Cases:

- Insert up to 25 cases into the designated holes, ensuring they are seated securely.
- Use the lowprofile design to access cases easily without tipping the tray.

3. Using the Bullet/Primer Cup:

- Store bullets or primers in the integrated cup during the reloading process.
- Ensure that the cup is securely in place before moving the tray.

4. Inspection and Charging:

- Inspect cases for any defects before reloading.
- Charge cases with powder and bullets as per your reloading specifications.

5. PostUse:

- Once reloading is complete, remove all components from the tray.
- Clean the tray with a mild detergent and water, avoiding abrasive materials.

Disposal Instructions

- Dispose of the reloading tray responsibly at the end of its life cycle.
- Check local regulations for proper disposal of plastic products.
- If the tray is damaged or no longer usable, recycle it according to local recycling guidelines.
