

"WILSON" 25-ROUND RELOADING TRAYS WITH CUP - L.E. WILSON, INC. .506" 25-ROUND RELOADING TRAY W/CUP BLACK & YELLOW

L.E. WILSON, INC. RELOADING TRAYS WITH CUP The L.E. Wilson 25-Round Reloading Tray (.473 case head) streamlines brass handling for the .308 Win family and other cartridges sharing the .473" bolt face. Precision-machined from durable HDPE plastic, it pairs a low-profile 25-hole layout with a convenient bullet/primer cup for efficient sorting, charging, and inspection. The black/yellow finish is tough and easy to spot on the bench, and the spacing gives you room to grab cases without tipping. Proudly made in the USA. **FEATURES** 25-Round Capacity – Holds up to 25 cases securely for organized case prep. Integrated Bullet/Primer Cup – Convenient storage for bullets or primers during reloading. Precision-Machined HDPE Plastic – Durable, solvent-resistant material that won't corrode. Low-Profile Design – Provides stability and easy access to cases without tipping. Black/Yellow Color Scheme – High-visibility finish for quick identification on the bench. Caliber-Specific Hole Sizes – Available in multiple head diameters (.380, .440, .473, .506, .533) to fit common cartridge families.

Safety Instruction Guide for WILSON 25Round Reloading Trays with Cup

Introduction

Thank you for choosing the WILSON 25Round Reloading Tray with Cup. This product is designed to assist you in the reloading process by providing a secure and organized way to handle your brass. To ensure your safety and the optimal use of this product, please read and follow the guidelines outlined in this instruction manual.

General Safety Guidelines

- Always use the reloading tray as intended. Misuse can lead to accidents and injuries.
- Keep the product out of reach of children. This product is not a toy and should only be used by individuals familiar with reloading processes.
- Inspect the reloading tray before each use for any signs of damage or wear. Do not use if damaged.
- Store the reloading tray in a cool, dry place away from direct sunlight to prevent deterioration of materials.
- Be aware of your surroundings when using the reloading tray, especially if using it in a shared space.

Specific Safety Precautions for Use

- Ensure that the workspace is clean and free from obstructions before using the reloading tray.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when handling reloading components.
- Do not overload the reloading tray beyond its 25round capacity.
- Avoid using solvents or chemicals that may damage the HDPE plastic material.
- Handle all reloading components with care to avoid spills or accidents.

Instructions for Installation and Usage

1. Setting Up the Tray

- Place the reloading tray on a flat, stable surface to ensure it does not tip over during use.
- Ensure the bullet/primer cup is securely attached and positioned for easy access.

2. Loading the Tray

- Insert cases into the designated holes, ensuring they fit snugly. The tray accommodates cases with a .473 case head.
- Use the integrated bullet/primer cup to store bullets or primers during the reloading process.

3. Sorting and Charging

- Use the lowprofile design to easily access and sort cases without tipping the tray.
- Charge cases with powder and seat bullets as per your reloading instructions, ensuring that you maintain a clean workspace.

4. PostUse Care

- After use, empty any remaining components from the tray and clean it with a damp cloth if necessary.
- Store the reloading tray in a safe location where it will not be damaged.

Disposal Instructions

- Dispose of the reloading tray in accordance with local regulations for plastic materials.
- Do not incinerate the product, as HDPE plastic may release harmful fumes when burned.
- If the tray is damaged beyond use, consider recycling options available in your area.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the WILSON 25Round Reloading Tray with Cup, please refer to your local distributor or retailer. They can provide you with the necessary information and support.

By following these guidelines, you can ensure a safe and effective reloading experience with the WILSON 25Round Reloading Tray with Cup. Thank you for prioritizing safety in your reloading activities.
