EB Emergency Boxes Safety Instruction Guide

Introduction

Thank you for choosing the MTM EB Emergency Box. This guide provides essential safety instructions to ensure the safe use and maintenance of your emergency box. Please read this manual carefully before use to understand all safety precautions and instructions.

General Safety Guidelines

- Ensure safe use of the emergency box by following these guidelines:
 - Always inspect the box for any visible damage before use.
 - Keep the box closed when not in use to prevent moisture and dirt from entering.
 - Store the emergency box in a cool, dry place away from direct sunlight.
 - Avoid placing heavy objects on top of the emergency box to prevent deformation.
 - Keep the box out of reach of children unless supervised by an adult.
- In case of an emergency, ensure that the contents of the emergency box are easily accessible and wellorganized.
- If you notice any defects or safety concerns, report them to the appropriate authorities.

Specific Safety Precautions for Use

- The emergency box is designed for storing emergency supplies only. Do not use it for any other purpose.
- Ensure that the box is properly sealed to maintain its waterresistant properties.
- Use padlock tabs to secure the box when necessary, especially if storing in public or shared spaces.
- Do not overload the box beyond its recommended capacity, as this may compromise its integrity and safety.
- Be cautious when opening the box in wet conditions to avoid slipping or falling.

Instructions for Installation and Usage

1. Location Selection:

- Choose a location that is easily accessible in case of an emergency.
- Ensure the surface is stable and flat to support the weight of the box.

2. Unpacking:

- Carefully remove the emergency box from its packaging.
- Inspect for any damage or missing parts before use.

3. Organizing Contents:

- Use dividers or compartments within the box to keep items organized.
- Store essential items such as first aid supplies, flashlights, batteries, and other emergency materials.

4. Sealing the Box:

- Ensure the Oring seal is clean and free from debris before closing the lid.
- Press down firmly on the lid to secure the seal and prevent moisture ingress.

5. Securing the Box:

- Use the padlock tabs to secure the box if necessary.
- Store the key or combination in a safe but accessible place.

6. Regular Maintenance:

- Periodically check the condition of the box and its seal.
- Replace any damaged or worn components immediately.

Disposal Instructions

- When disposing of the emergency box, follow local regulations for plastic disposal.
- If the box is damaged beyond use, consider recycling it if possible.
- Ensure that any contents within the box are disposed of according to local waste management guidelines.

Contact Information for Further Support

- For safety inquiries or product concerns, please reach out to the appropriate EUbased contact point for assistance.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your MTM EB Emergency Box. Always prioritize safety and stay prepared for any emergency situation. Thank you for your attention to these important guidelines.
