

REV 535 SLIDE-AND-SNAP AR TRIGGER - RISE ARMAMENT REV 535 SLIDE-AND-SNAP AR TRIGGER BLACK

RISE ARMAMENT REV 535 SLIDE-AND-SNAP AR TRIGGER The Rev 535 is a Slide-and-Snap AR Trigger that makes it faster and easier than ever to improve your accuracy. On compatible mil-spec lowers, it slides into place and installs in under 60 seconds, often without removing the grip or safety selector. Built-in pins for rapid install eliminate loose hardware, tools, and set screws while providing anti-walk and anti-rotation security. Rooted in the proven RA-535 Advanced-Performance Trigger (APT) platform, the Rev 535 pairs trusted performance with a completely new installation system and added flexibility. The Rev 535 includes interchangeable flat and curved blade faces that swap in seconds using TorLok™ technology, letting you tailor trigger feel without tools. With no take-up, a crisp single-stage break, and a lightning fast, tactile reset, the Rev 535 helps you shoot more accurately and get back on target faster for confident follow-up shots. **FEATURES** Slide-and-Snap™ Trigger design — A next-generation drop-in design that slides into place and secures quickly. Built-in pins for rapid install — Integrated pins eliminate loose hardware, tools, and follow-up adjustments while delivering anti-walk and anti-rotation security. Interchangeable blade faces — Includes both flat and curved blade faces so you can choose the feel you prefer—or change it later in seconds. TorLok™ blade retention technology — Mechanical and magnetic retention keeps blade faces secure without tools. Accuracy-driven trigger performance — No take-up, an ultra-crisp break, and a lightning fast, tactile reset help you shoot tighter groups and make faster follow-up shots. **ADDITIONAL FEATURES** NoWay™ Take-Up — Trigger movement begins at the sear—no slack, no wasted motion. Quik-Klik™ Trigger Reset — Short, audible, and tactile reset you can feel, supporting rapid follow-up shots. Heavy-Hit™ Hardening — S7 tool steel internals are heat-treated for durability and reliable primer ignition. LiteMite™ Hammer — Reduced mass with full strike energy for consistent primer ignition. Premium NiB-Coated Steel Components — Heat-treated S7 tool steel internals with Nickel Boron (NiB) coating for exceptionally smooth operation, reduced friction, increased surface hardness, and long-term wear resistance. Some versions feature a durable black nitride-finished blade base. 6061 Aerospace Aluminum Housing — Precision-machined to aerospace standards from solid billet for strength, consistency, and durability. Lifetime Warranty & Performance Guarantee — Backed by RISE's Lifetime Manufacturing Warranty and the More-Bang-for-Your-Buck Performance Guarantee. If it doesn't deliver no take-up, a crisp break, and a fast, tactile reset, RISE will buy it back. No questions asked.

Safety Instruction Guide for RISE ARMAMENT REV 535 SLIDEANDSNAP AR TRIGGER

Introduction

Thank you for choosing the RISE ARMAMENT REV 535 SlideandSnap AR Trigger. This product is designed to enhance your shooting experience by improving accuracy and response time. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always treat the trigger as if it is loaded and ready to fire.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the trigger and any related components in a secure location, away from children and unauthorized users.
- Regularly inspect the trigger for signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm modifications and safety.

Specific Safety Precautions for Use

- Ensure that you are using the trigger with compatible milspec lowers only.
- Do not attempt to modify or disassemble the trigger beyond the recommended interchangeable blade faces.
- Use only the recommended tools for installation; avoid using excessive force.
- Be cautious of the trigger's mechanical components during installation to prevent pinching or injury.
- If you experience any malfunction or irregular behavior, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation Steps:

- Ensure the firearm is unloaded and safe.
- Remove any existing trigger assembly from the milspec lower.
- Slide the REV 535 trigger into the designated slot.
- Secure the trigger using the builtin pins; ensure they are fully seated to prevent movement.
- Reinstall the grip and safety selector if necessary, following the manufacturer's instructions.
- Check the installation by ensuring that the trigger moves freely and operates correctly.

2. Usage Guidelines:

- Familiarize yourself with the trigger's features, including the NoWay TakeUp and QuikKlik Trigger Reset.
- Practice in a controlled environment to understand the trigger's response.
- Always wear appropriate eye and ear protection while shooting.
- Maintain a safe shooting stance and be aware of your surroundings.

Disposal Instructions

- Dispose of the trigger and any related components in accordance with local regulations.
- Do not dispose of the trigger in regular household waste.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please refer to the manufacturer's website or contact their customer service department directly. Ensure you have your product details ready for a more efficient response.

This guide is designed to provide you with the necessary information for the safe use of the RISE ARMAMENT REV 535 SlideandSnap AR Trigger. Always prioritize safety and responsible handling of firearms. Thank you for your attention to these safety instructions.
