Consumer Safety Instruction Guide for Bulldog Cases EVA Suppressor Field Case

Introduction

Thank you for choosing the Bulldog Cases EVA Suppressor Field Case. This guide provides essential safety information to ensure the proper use and maintenance of your product. Please read this guide carefully before using the case to ensure your safety and the longevity of the product.

General Safety Guidelines

- Ensure that the case is used only for its intended purpose: storing and transporting suppressors and related accessories.
- Always inspect the case for any signs of damage before use. Do not use if the case is damaged.
- Keep the case out of reach of children and vulnerable individuals to avoid potential hazards.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Heat Protection:** The suppressor pouch is rated up to 600°F. Allow the suppressor to cool down before placing it in the pouch to prevent damage to the case and its contents.
- **Weight Limit:** Do not overload the case. Ensure that the contents do not exceed the weight that the case can safely carry.
- **Secure Closure:** Always ensure the zipper is fully closed before transporting the case to prevent accidental opening and loss of contents.
- **Avoid Water Exposure:** While the case is designed for durability, avoid exposing it to excessive moisture. If the case gets wet, dry it thoroughly before storing.
- **Cleaning Instructions:** Clean the exterior with a damp cloth. Avoid using harsh chemicals that may damage the material.

Instructions for Installation and Usage

1. Opening the Case:

- Unzip the case completely to access the interior.

2. Placing the Suppressor:

- Ensure the suppressor is cool.
- Place the suppressor into the heatresistant pouch, ensuring it fits securely.

3. Storing Accessories:

- Organize related accessories within the structured interior compartments.
- Avoid overcrowding to maintain organization and protection.

4. Closing the Case:

- After placing all items inside, securely close the zipper. Ensure it is fully zipped to prevent any items from falling out during transport.

5. Transporting the Case:

- Carry the case using the designated handles. Ensure a firm grip while moving to prevent dropping.

Disposal Instructions

- When the case reaches the end of its life cycle, dispose of it in accordance with local waste management regulations.
- If possible, recycle the materials used in the case. Check with local recycling facilities for proper disposal methods.

Contact Information for Further Support

For any inquiries or further support regarding safety concerns, please refer to the EU contact point provided by the manufacturer.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your Bulldog Cases EVA Suppressor Field Case!
