Safety Instruction Guide for TYPE 3 Detachable Box Magazine Well for Remington 700

Introduction

Thank you for choosing the Grayboe Type 3 Detachable Box Magazine Well for your Remington 700. This product is designed to enhance your firearm's functionality while ensuring safety during use. Please read this guide carefully to understand how to safely use, install, and dispose of this product.

General Safety Guidelines

- Ensure you are familiar with the operation and safety features of your firearm before using the magazine well.
- Always follow local laws and regulations regarding firearm usage and modifications.
- Keep the magazine well and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the magazine well for any signs of wear or damage.
- Report any unsafe conditions or incidents to the appropriate authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- This magazine well is designed for Remington 700 and compatible clone actions only. Ensure compatibility before use.
- Do not attempt to install the magazine well if your stock is not inlet for an M5 bottom metal, as this may require fitting.
- Use only AICS type magazines with this product. Magpul magazines may not function reliably.
- Ensure the magazine well is securely attached before loading ammunition.
- Always handle firearms with care and ensure they are pointed in a safe direction when loading or unloading.
- Avoid using the magazine well if it shows signs of damage, such as cracks or severe wear.

Instructions for Installation and Usage

Installation

1. Prepare Your Workspace

- Ensure you are in a clean, welllit area free of distractions.
- Gather all necessary tools, including a screwdriver for action screws.

2. Remove Existing Components

- Safely unload your firearm and remove the existing magazine well or bottom metal if applicable.

3. Install the Grayboe Magazine Well

- Align the magazine well with the M5 inlet of your stock.
- Secure the magazine well using the new action screws provided.
- Ensure it is firmly attached and check for any movement.

4. Check Compatibility

- Insert an AICS type magazine to ensure proper fit and operation.
- If using a Magpul magazine, verify functionality but be aware of potential issues.

Usage

- To release the magazine, use the ambidextrous magazine release button.
- Always ensure the magazine is fully seated before attempting to fire.
- Regularly check the magazine well and magazine for proper operation.

Disposal Instructions

- Dispose of the magazine well in accordance with local regulations.
- If the product is damaged or no longer functional, do not attempt to repair it.
- Recycle materials when possible and safely dispose of nonrecyclable parts.
