

M5 FLOOR PLATE - GRAYBOE M5 FLOOR PLATE SHORT ACTION BLACK

GRAYBOE M5 FLOOR PLATE The Grayboe M5 Floor Plate was created for 4 reasons: Not all bullets/calibers fit and feed well in AICS magazines. Sometimes it just makes the most sense to use a tried and true Floor Plate bottom metal that you know will work. Detachable magazines can get lost, accidentally drop out or make noise and rattle when hunting. Floor Plates are quiet and sit high and tight to the belly of the stock. Grayboe is converting all stocks to the M5 inlet going forward. Our goal is to make custom stocks available as fast as possible to shooters. Limiting custom machining/inletting speeds up this process. Now you can have 1 stock for hunting and range days. Use the M5 Floor Plate for your hunt and switch back to a M5 DBM and run detachable mags the other 11 months out of the year. SPECS Anodized matte black for exceptional wear resistance Fits all stocks inlet for a M5 bottom metal. *If your stock is inlet for any other bottom metal this floor plate will not drop in and may require some fitting if your stock is not a Grayboe. Your stock must be inlet for a M5 bottom metal. Compatible with Rem 700 and 700 clone actions like Bergara, BigHorn, Stiller, Defiance, etc. Short length weighs 3 ounces, Long weighs 3.2 ounces Smooth, sleek and snag free rounded trigger guard Flush, snag free, inside the trigger guard hatch release lever Compatible with Wyatt mag boxes CNC machined out of billet aluminum Compatible with wyatt extended mag boxes Fits all Factory Rem 700 & aftermarket triggers New action screws included

Safety Instruction Guide for Grayboe M5 Floor Plate

Introduction

Thank you for choosing the Grayboe M5 Floor Plate. This guide provides important safety instructions and guidelines to ensure the safe use and installation of this product. Please read this document carefully before use.

General Safety Guidelines

- Ensure proper compatibility: The Grayboe M5 Floor Plate is designed for stocks that are specifically inletted for M5 bottom metal. Using it with incompatible stocks may result in improper fit and function.
- Check for defects: Before installation, inspect the product for any visible damage or defects. Do not use if damaged.
- Follow local laws: Ensure compliance with local regulations regarding firearm accessories and modifications.
- Store safely: Keep the product out of reach of children and unauthorized users.

Specific Safety Precautions for Use

- Use only with compatible firearms: The M5 Floor Plate is compatible with Rem 700 and 700 clone actions. Ensure your firearm is suitable before use.
- Avoid modifications: Do not modify or alter the floor plate or its components. Alterations can compromise safety and functionality.
- Handle with care: When installing or removing the floor plate, handle it carefully to avoid injury or damage to the product.
- Be aware of noise: Detachable magazines can create noise when hunting. The M5 Floor Plate is designed to minimize noise, but ensure proper installation to maintain quiet operation.

Instructions for Installation and Usage

1. Preparation

- Gather necessary tools: You may need basic tools such as a screwdriver for installation.
- Ensure a clean workspace: Work in a clean, dry area to prevent contamination or damage.

2. Installation Steps

- Remove the existing floor plate (if applicable):
 - Ensure the firearm is unloaded and safe to handle.
 - Carefully remove the existing floor plate from the firearm.
- Install the Grayboe M5 Floor Plate:
 - Align the M5 Floor Plate with the stock inlet.
 - Gently press the floor plate into place until it is securely seated.
 - Use the provided action screws to secure the floor plate. Ensure they are tightened appropriately without overtightening.
- Verify installation:
 - Check that the floor plate is securely attached and that there are no gaps or misalignments.

3. Usage Instructions

- Load the magazine according to the manufacturer's instructions.

- Ensure that the floor plate is properly engaged before use.
- Regularly check the floor plate for signs of wear or damage during use.

Disposal Instructions

- Dispose of the product responsibly: When the floor plate reaches the end of its life, dispose of it in accordance with local regulations for metal recycling.
- Do not dispose of in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Grayboe M5 Floor Plate, please refer to the manufacturer's official website or customer support resources.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Grayboe M5 Floor Plate. Always prioritize safety and compliance with regulations when using firearm accessories. Thank you for your attention and safe shooting!
