

AR-15/M16 ULTRA LOW MASS CARRIER W/223 BOLT - J P ENTERPRISES AR15/M16 ULTRA LOW MASS CARRIER W/ 223 BOLT

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Groups](#)

Re-engineered for improved reliability and performance with lower maintenance requirements, the new JPBC-1 is the ultimate in improved reliability and performance, especially when combined with a high-efficiency JP muzzle brake, adjustable gas system and Silent Captured Spring. The end result is a carrier that leaves your .223 shooting like a rimfire .22. The JPBC-1 checks in at 2.9 ounces less than the 416 LMOS™ carrier and 0.7 ounces less than even the titanium carriers offered on the market today. Each unit comes as a complete kit including our JP precision-ground, one-piece gas ring as well as a titanium firing pin. Run in concert, this gas ring ensures perfect bore-to-gas seal fitment in the JPBC-1 and minimized friction to enhance reliability when fouled while the titanium firing pin eliminates any possibility of slamfire at the higher bolt velocities. Weight: 9.6 ounces

Attributes

- Name: [J P ENTERPRISES AR15/M16 ULTRA LOW MASS CARRIER W/ 223 BOLT](#)
- Manufacturer: [J P ENTERPRISES](#)
- Product no.: 452000190

Safety Instruction Guide for AR15/M16 Ultra Low Mass Carrier with .223 Bolt

Introduction

Thank you for choosing the AR15/M16 Ultra Low Mass Carrier with .223 Bolt by J P Enterprises. This product is designed to enhance the performance of your firearm while ensuring safety during use. Please read this safety instruction guide thoroughly to ensure proper handling, installation, and maintenance of this product.

General Safety Guidelines

- Always treat firearms as if they are loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the product and any associated firearms in a secure location away from children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm use and ownership.

Specific Safety Precautions for Use

- Ensure that the product is compatible with your AR15/M16 model before installation.
- Use only .223 Remington cartridges with this carrier.
- Be aware of the potential for increased bolt velocities when using this product, which may affect firearm operation.
- Always wear appropriate eye and ear protection when operating firearms.
- Do not attempt to modify or alter the product in any way, as this may compromise safety and performance.
- If you experience any malfunctions or irregularities during use, immediately cease operation and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Remove the existing bolt carrier group from your AR15/M16.
- Carefully install the JPBC1 Ultra Low Mass Carrier, ensuring it is seated properly in the receiver.
- Install the included JP precision ground, one piece gas ring and titanium firing pin as per the manufacturer's instructions.
- Reassemble your firearm and conduct a function check to ensure proper operation.

2. Usage:

- Load your firearm with .223 Remington cartridges as per standard procedures.
- Engage the safety mechanism until you are ready to fire.
- Maintain a proper grip and stance while operating the firearm.
- After firing, inspect the firearm and the carrier for any signs of fouling or wear, and clean as necessary.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer in use, consider recycling options for metal components.

Contact Information for Further Support

For any inquiries regarding the safety, installation, or performance of the AR15/M16 Ultra Low Mass Carrier with .223 Bolt, please refer to the contact information provided by the retailer or manufacturer.

By following these guidelines, you can ensure the safe and effective use of your AR15/M16 Ultra Low Mass Carrier with .223 Bolt. Thank you for prioritizing safety and compliance in your firearm practices.
