

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

## ULTRA SEATER & FULL LENGTH DIE SET 7 X 57 MAUSER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

### Attributes

- Name: [FORSTER PRODUCTS, INC. ULTRA SEATER & FULL LENGTH DIE SET 7 X 57 MAUSER](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

# ULTRA™ MICROMETER SEATER DIES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This product is designed to provide reloading enthusiasts with precise and reliable performance. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that you are familiar with the operation of reloading dies and the reloading process before use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling reloading equipment.
- Keep the work area clean and free from distractions to maintain focus while reloading.
- Store all reloading components, including dies, in a secure location out of reach of children and pets.
- Regularly inspect your reloading dies for signs of wear or damage. Do not use damaged equipment.
- Follow all local laws and regulations regarding the use and storage of reloading equipment and ammunition.

## Specific Safety Precautions for Use

- Always ensure that the die is securely fastened in the reloading press before use.
- Do not exceed the recommended pressure limits for the cartridges you are reloading.
- Use the micrometer adjustment feature carefully; make small adjustments to avoid overseating the bullet.
- When switching bullets, always return to your previously recorded setting to maintain consistency.
- Avoid placing your hands or body in the path of the press during operation.
- Keep all tools and accessories organized and within reach to prevent accidents.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Ensure that the reloading press is unplugged and not in operation.
- Carefully remove the ULTRA™ MICROMETER SEATER DIE from its packaging.
- Insert the die into the reloading press and secure it firmly using the Forster Cross Bolt Die Locking Ring.
- Confirm that the die is properly aligned and tightened before proceeding.

### 2. Adjusting Bullet Seating Depth:

- Use the micrometer adjustment feature to set the desired bullet seating depth.
- Turn the micrometer dial to adjust the seating depth in increments of .0005 inch to .001 inch.
- After making adjustments, test the seating depth with a dummy round to ensure accuracy.

### 3. Reloading Process:

- Follow your standard reloading procedure, ensuring that you use the appropriate components for the 7 mm Mauser cartridge.
- Monitor the reloading process closely to ensure that all steps are completed correctly and safely.

## **Disposal Instructions**

- Dispose of any unused or damaged reloading components according to local regulations.
- Do not dispose of reloading dies in regular household waste. Check with your local waste management facility for appropriate disposal methods.
- Recycle packaging materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product support, please reach out to the designated EU contact point provided by the manufacturer. Ensure that you have the product details and any relevant information ready for efficient assistance.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with the ULTRA™ MICROMETER SEATER DIES. Thank you for your attention to safety and for choosing Forster Products, Inc.
