

# NECK EXPANDER DIE PLUGS - RCBS NECK EXPANDER PLUG .311"

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

To eliminate deforming the base and shaving lead off the sides of your lead rifle bullets during seating. RCBS strongly recommends using their Neck Expander Die. In one step, the neck expander die expands the neck and slightly flares the case mouth of your bottle neck cases. This is the expander plug only, to be used with the body die.

## Attributes

- Name: [RCBS NECK EXPANDER PLUG .311"](#)

# NECK EXPANDER DIE PLUGS RCBS NECK EXPANDER PLUG .311" Safety Instructions

## Introduction

Thank you for purchasing the NECK EXPANDER DIE PLUGS RCBS NECK EXPANDER PLUG .311". This product is designed to enhance the performance of your reloading process by ensuring that your lead rifle bullets are seated correctly without deforming. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that you are familiar with the general safety practices associated with reloading ammunition.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store all reloading materials and tools out of reach of children and unauthorized persons.
- Regularly inspect your equipment for wear and damage to prevent malfunctions.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the NECK EXPANDER DIE PLUG with the compatible body die as specified by the manufacturer.
- Ensure that the neck expander die is correctly set up before use to avoid potential hazards.
- Do not exceed the recommended caliber specifications when using the expander plug.
- Avoid placing fingers or hands near moving parts while operating the die.
- Use the product in a wellventilated area to minimize exposure to any fumes or dust created during reloading.
- If you experience any difficulties during use, stop immediately and consult the product manual or a qualified professional.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Remove any existing die from the press.
- Insert the NECK EXPANDER DIE PLUG into the die holder of your reloading press.
- Tighten the die securely to prevent movement during operation.
- Adjust the die to the desired depth based on your specific reloading needs.

### 2. Usage:

- Prepare your bottle neck cases by ensuring they are clean and free of debris.
- Place the case into the shell holder of your reloading press.
- Operate the press to expand the neck and flare the case mouth as required.
- Carefully remove the case from the shell holder and inspect for any irregularities.
- Repeat the process for additional cases as needed.

## **Disposal Instructions**

- Dispose of any defective or damaged products in accordance with local regulations.
- Do not throw the product in regular household waste. Check for local recycling programs that accept metal components.
- Ensure that all reloading materials are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any inquiries regarding product safety or usage, please refer to the manufacturer's official website or customer support services. It is essential to have access to reliable information and assistance when using reloading equipment.

Thank you for following these safety instructions. Your safety and the quality of your reloading process are our top priorities. Enjoy using the NECK EXPANDER DIE PLUGS RCBS NECK EXPANDER PLUG .311"!
