

PREMIUM HANDGUN DIE SETS - REDDING 380 ACP PREMIUM HANDGUN DIE SET

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

The Redding Premium Handgun 3-Die Set mate a Titanium Carbide-sizing die, a newly designed expander die containing the unique Redding expander plug now coated in TiN, Titanium Nitride for added surface hardness, lubricity and durability. The TiN coating will also reduce brass build up on the expander as well, an important improvement for high volume reloaders. The Redding Expander contains a unique series of processes it provides as it travels into the case itself. First a radius on its base eases entry into the case mouth. Next a parallel expander section expands and true's the case internally to create a perfect bearing surface for the bullet as it is seated. This also adds a more uniform bullet pull and start pressure as well. Next is a small step, to properly align the bullet with the centerline of the cartridge case. This positions the bullet for proper contact with the seating micrometer, adding uniformity during actual seating process. Lastly, a flare is the final step on the Redding expander plug to further open the case mouth when using cast bullets so that they do not shave lead during the seating process. The final die in the set is a Seating Die, which has the added accessory Bullet Seating Micrometer for unmatched seating depth control and precision. This die also contains either a taper or roll crimp for the appropriate cartridge. All three dies in the set also feature an enhanced lead-in for ease of use with progressive reloading presses.

Attributes

- Name: [REDDING 380 ACP PREMIUM HANDGUN DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 749018617

Safety Instruction Guide for PREMIUM HANDGUN DIE SETS REDDING 380 ACP

Introduction

Thank you for choosing the Redding Premium Handgun Die Set for your reloading needs. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully before using the die set.

General Safety Guidelines

- Ensure safe use of the die set by following these guidelines:
 - Always handle the die set with care and respect.
 - Keep the die set out of reach of children and unauthorized users.
 - Use the die set only for its intended purpose, which is to reload 380 ACP cartridges.
 - Always wear appropriate safety gear, including safety glasses, when reloading.
 - Work in a wellventilated area to avoid inhaling any dust or fumes.
 - Be aware of your surroundings and ensure that your workspace is organized and free from distractions.

Specific Safety Precautions for Use

- Identify and avoid potential hazards:
 - **Sharp Edges:** The die set contains sharp components. Handle with caution to avoid cuts.
 - **Heavy Components:** Some parts may be heavy. Use proper lifting techniques to avoid injury.
 - **Chemical Exposure:** Some cleaning agents may be harmful. Always read labels and use in accordance with safety data sheets.
- Follow these precautions during use:
 - Do not exceed the recommended load limits for the cartridges.
 - Inspect all components for damage before use. Do not use damaged parts.
 - Ensure that the die set is properly installed before reloading.
 - Do not leave the die set unattended while in use.
 - Store the die set in a dry place when not in use to prevent rust and damage.

Instructions for Installation and Usage

- To install the die set:
 1. Ensure that your reloading press is clean and free from debris.
 2. Select the appropriate die for the task (sizing, expanding, or seating).
 3. Securely fasten the die into the press according to the manufacturer's instructions.
 4. Adjust the die settings as necessary for your specific reloading requirements.
- For usage:
 - Start by sizing the brass case using the sizing die.
 - Follow with the expander die to ensure proper internal dimensions.
 - Use the seating die to insert bullets into the cases.
 - Regularly check the settings and adjust as needed for consistent results.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Avoid disposing of reloading materials in regular household waste.
- Contact local waste management authorities for guidance on disposal of hazardous materials.

Contact Information for Further Support

- For any questions or concerns regarding the use of the Redding Premium Handgun Die Set, please refer to the manufacturer's website or customer support channels.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable reloading experience. Thank you for choosing Redding.
