

# WILSON STAINLESS MICROMETER TRIMMER WITH STAND - SINCLAIR INTERNATIONAL STAINLESS CASE TRIMMER KIT WITH MICROMETER & STAND

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The Wilson Stainless Micro Trimmer utilizes the most accurate trimmer in the world in its new stainless steel configuration, an exclusive Sinclair International product. The compact micrometer unit is incorporated into the stop bearing which allows the user to easily make quick trim adjustments in .001" increments. The Wilson Stainless Micro trimmer uses a case holder that holds the case by the body taper and utilizes no pilots during the case trimming operation. Trimmer case holder, cutter housing, and adjustment stop sit in perfect alignment with each other. This guarantees an identical trim length for each case. When trimming cases shorter than 1.3" such as pistol cases, the use of a spacer (part number WX11) is necessary. The Wilson Stainless Micro Trimmer sets on top of our Sinclair Mounting Stand with Shark Fin Clamp. The Shark Fin enables the user to quickly trim and exchange cases in the case holder. All of our Wilson trimmer accessories work with the New Wilson Stainless Micro Trimmer. Visit our website, catalog, or call our reloading technicians to order trimmer case holders and other accessories. \* Trimmer Case Holders and accessories sold separately.

# Safety Instruction Guide for Wilson Stainless Micro Trimmer

## Introduction

Thank you for choosing the Wilson Stainless Micro Trimmer with Stand. This product is designed for precision case trimming, ensuring accuracy and ease of use. To ensure your safety and the longevity of the product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- **Product Safety:** This trimmer is designed for safe use. Always follow the instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about any recalls or updates regarding this product. Check the EU Safety Gate platform regularly.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please reach out to the designated EU contact point.
- **Rapid Alerts:** Be aware of the Safety Gate system for updates on unsafe products.

## Specific Safety Precautions for Use

- **Read the Manual:** Always read the user manual before operating the trimmer.
- **Personal Protective Equipment (PPE):** Wear safety glasses and gloves when using the trimmer to protect against debris and sharp edges.
- **Work Area:** Ensure your work area is clean, welllit, and free of distractions.
- **Stable Surface:** Place the trimmer on a stable and flat surface to prevent tipping or accidents.
- **Inspect Before Use:** Check the trimmer for any signs of damage or wear before use. Do not use if damaged.
- **Keep Hands Clear:** Always keep hands clear of the cutting area during operation.
- **Avoid Loose Clothing:** Do not wear loose clothing or jewelry that could get caught in the trimmer.
- **Use as Intended:** Only use the trimmer for its intended purpose of case trimming.

## Instructions for Installation and Usage

### 1. Assembly:

- Attach the trimmer to the Sinclair Mounting Stand using the provided hardware.
- Ensure all screws are tightened securely before use.

### 2. Setting Up:

- Place the trimmer on a flat, stable surface.
- Adjust the micrometer to the desired trim length.

### 3. Trimming Cases:

- Insert the case into the holder, ensuring it is seated correctly.
- Make adjustments in .001" increments as needed using the micrometer.
- For cases shorter than 1.3", use the spacer (part number WX11) as required.

### 4. After Use:

- Unplug the trimmer if applicable and clean the area to remove any debris.
- Store the trimmer and accessories in a dry place.

## **Disposal Instructions**

- **Proper Disposal:** Dispose of the trimmer and any accessories in accordance with local regulations.
- **Recycling:** If possible, recycle materials such as metal and plastic.

## **Contact Information for Further Support**

For any questions or concerns regarding the Wilson Stainless Micro Trimmer, please consult your retailer or the manufacturer for assistance.
