

# M4 CARBINE CS SPRING KIT - SPRINCO USA SPRING KIT-XXP BUFFER SPRING & XP 5-COIL EXTRACTOR SPRING

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Extra Extra Power Buffer Spring. The Orange spring is much stouter than the Red spring. The Orange buffer spring was originally engineered for the demands presented by .308 / 6.5 CM / .260 Rem, etc., heavy BCG carbine DPMS Pattern applications using standard 7" Depth M4 extension tubes and short 2.5" buffers (Including aftermarket "heavy buffers") in robustly gassed 16" - 18" ML gas carbine platforms, but has been proven to be a requirement for tuning over gassed carbines of any equivalent heavy calibers in AR-10 pattern tubes with 3.25" buffers or lesser calibers (5.56, etc.).

## Attributes

- Name: [SPRINCO USA SPRING KIT-XXP BUFFER SPRING & XP 5-COIL EXTRACTOR SPRING](#)
- Manufacturer: [SPRINCO USA](#)
- Product no.: 943000050
- Mfr. No.: 25702
- Delivery weight: 0.073kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 337mm
- UPC: 657780257027

# M4 CARBINE CS SPRING KIT Safety Instruction Guide

## Introduction

Thank you for choosing the M4 Carbine CS Spring Kit by SPRINCO USA. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this document thoroughly before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage before use.
- If you notice any defects or unusual performance, cease use immediately and consult a qualified professional.
- Follow all local laws and regulations regarding the use of firearm accessories.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling or installing the spring kit.
- Ensure that the firearm is unloaded and pointed in a safe direction during installation.
- Do not exceed the manufacturer's specifications for the spring kit.
- Be aware of the potential for increased recoil due to the extra power of the buffer spring; practice safe handling techniques.
- If you are inexperienced with firearm modifications, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and in a safe condition.
- Gather necessary tools, including a flathead screwdriver and a torque wrench.

### 2. Installation Steps

- Remove the existing buffer spring from the firearm.
- Carefully install the Orange buffer spring in place of the old spring, ensuring it is seated correctly.
- Install the XP 5coil extractor spring according to the manufacturer's instructions.
- Reassemble the firearm, ensuring all components are securely fastened.

### 3. PostInstallation Check

- Conduct a function check to ensure the firearm operates correctly with the new spring kit.
- Test the firearm in a controlled environment to familiarize yourself with any changes in performance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for firearm accessories.
- Do not dispose of the product in regular household waste. Instead, consult local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding this product, please refer to the appropriate contact resources available in your region.

By following these guidelines, you can ensure the safe and effective use of the M4 Carbine CS Spring Kit. Thank you for your attention to safety, and enjoy your product responsibly.
