Build Your Own General-Purpose Rifle

While many AR-style rifle builders like to put together platforms designed around a specific purpose, there's also a huge benefit to having a general-purpose rifle that can handle a range of tasks, from vigorous training and plinking to hunting and field carry. The Wilson Combat AR-15 Recon Barrel is purpose-built for such a rifle. Machined entirely from 416R stainless steel, each Wilson Combat AR-15 Recon Barrel features fluting that's designed to eliminate excess weight from the platform while enhancing the rigidity of the barrel. An additional added benefit is the increased surface area, which provides greater cooling for long strings of fire. The rifle barrel is built also with a mid-length gas system. 6.8 SPC II chamber M4-style feed ramps 5/8x24 threaded muzzle Weight: 33 ounces With more than 20 years of experience in the rifle-building industry, the designers and engineers working to develop the Wilson Combat AR-15 Recon Barrel created a solid addition to any rifle purpose-built to enhance accuracy, durability and service life.

Attributes

Wilson Combat AR15 Recon Barrel Safety Instruction Guide

Introduction

Thank you for choosing the Wilson Combat AR15 Recon Barrel. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this document thoroughly before installation and use.

General Safety Guidelines

- Ensure that the barrel is installed by a qualified gunsmith or experienced individual to avoid improper installation, which may lead to malfunctions.
- Always treat firearms with respect and assume they are loaded until verified otherwise.
- Store the barrel and associated firearms securely to prevent unauthorized access, especially by children.
- Regularly inspect the barrel for signs of wear, damage, or corrosion. If any issues are identified, discontinue use immediately and consult a professional.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Use appropriate ammunition as specified for the Wilson Combat AR15 Recon Barrel (6.8 mm Remington SPC II).
- Keep the barrel and firearm clean and wellmaintained to ensure optimal performance and safety.

Specific Safety Precautions for Use

- Do not exceed the recommended firing limits. Continuous firing without adequate cooling may cause overheating and potentially lead to barrel failure.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Ensure that the shooting area is clear of unauthorized personnel and that a safe backdrop is present.
- Be aware of your surroundings and ensure that you have a clear line of sight when firing.
- Avoid using the barrel for any purpose other than its intended design. Improper use may lead to hazardous situations.

Instructions for Installation and Usage

1. Installation:

- Confirm that all necessary tools and equipment are available before beginning installation.
- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Align the Wilson Combat AR15 Recon Barrel with the receiver and secure it using the appropriate hardware.
- Verify that the barrel is properly seated and tightened to manufacturer specifications.

2. Usage:

- Load the firearm with the correct ammunition (6.8 mm Remington SPC II).
- Always check the chamber to ensure it is clear before loading.
- When ready to fire, assume a stable shooting position and maintain proper grip.
- Fire in controlled bursts to prevent overheating of the barrel.
- After use, clean the barrel according to the manufacturer's cleaning instructions.

Disposal Instructions

- Dispose of the barrel responsibly in accordance with local regulations.
- Do not dispose of the barrel in regular household waste.
- Contact a local hazardous waste disposal facility if unsure of the disposal process.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Wilson Combat AR15 Recon Barrel, please reach out to your authorized dealer or consult a qualified gunsmith.

Thank you for prioritizing safety. By following these guidelines, you can ensure a safe and enjoyable experience with your Wilson Combat AR15 Recon Barrel.
